RAID® Ant & Roach Killer 479**ABN: Raid® with GermFighter †™ Ant & Roach Killer**

For Household Use Only. Not for use on plants or food contact surfaces.

No greasy residue. Won't stain carpets and floors. Fastest roach killing Raid ever. Kills Roaches (and household insects) on contact! Keeps on killing roaches (ants, crawling insects, household insects) for up to (4 Weeks) 30 days! Water based formula. Raid® with GermFighter

Ant & Roach Killer works in three ways: (1) it kills bugs fast – on contact (2) it keeps on killing roaches (ants, crawling insects, household insects) with residual action even after you spray, for up to 4 weeks and (3) reduces 99.9% of the household germs† that roaches (ants, crawling insects, household insects) may leave behind. No residual sanitizer action. Not for primary use as a sanitizer.

(†*Staphylococcus aureus* (Staph), *Klebsiella pneumoniae* on hard, non-porous, non-food contact surfaces)

Contact kill of roaches (ants, crawling insects, household insects) gives you immediate results when spraying individual roaches (ants, crawling insects, household insects). Residual kill of roaches (ants, crawling insects, household insects) keeps on killing the roaches (ants, crawling insects, household insects) that return to the areas you have sprayed for up to 4 weeks (30 days).

Plus reduces 99.9% of the household germst (†*Staphylococcus aureus* (Staph), *Klebsiella pneumoniae* on hard, non-porous, non-food contact surfaces) that roaches (ants, crawling insects, household insects) may leave behind. Reduces 99.9% of the household germst roaches (ants, crawling insects, household insects) may leave behind. Sanitizes hard, non-porous, non-food contact surfaces where roaches (ants, crawling insects, household insects) crawl.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR HOUSEHOLD USE: Hold container upright. Do not spray up into air. **For spot and crack and crevice treatment only.** Do not apply as a broadcast spray. Apply to non-food contact surfaces only. Point spray opening toward surface to be sprayed and press button firmly. Hold about 8-16" from surface being sprayed. Spray until surfaces are wet and allow to dry. Avoid excessive wetting of asphalt, tile, rubber and plastic materials. More frequent application will be required to maintain control on vinyl and plywood surfaces. Repeat treatment as necessary.

ROACHES, WATERBUGS: Spray until wet in cracks around baseboards and other hiding places.

ANTS: Apply to ant trails, also around doors, windows and wherever ants enter house.

SILVERFISH, CRICKETS, SPIDERS: Spray areas infested by these pests.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION:

Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Avoid breathing spray mist. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse. Provide adequate ventilation of area being treated. Do not apply to humans, pets, plants or contaminate feed, foodstuffs, dishes or utensils. Cover and avoid spraying fish aquariums. Cover or remove exposed food, dishes, utensils, food handling equipment, tables, countertops or where food is stored or prepared.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or open flames, in an area inaccessible to children.

DISPOSAL: This container may be recycled in the few but growing number of communities where aerosol can recycling is available. Before offering for recycling, empty can by using the product according to the label. (DO NOT PUNCTURE OR INCINERATE!) If recycling is not available, (replace cap), wrap in several layers of newspaper and discard in trash.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

IF SWALLOWED: Call a physician or Poison Control Center immediately. Do not give anything by mouth to an unconscious person. Avoid alcohol. Do not induce vomiting.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists or develops.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. May pose an aspiration pneumonia hazard. Product contains petroleum distillate.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE, CONTENTS UNDER PRESSURE. Keep away from heat, sparks, open flame or pilot lights. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
