Subject:

Amendment - Revised Label- First Aid and Disposal Statements

Raid with Germ Fighter Ant & Roach Killer

EPA Registration No. 4822-479

Your submission dated January 22, 2003

## Dear Ms. Rahn:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable, subject to the comments listed below.

- 1. Under the "Precautionary Statements" section of your label, please move the statements "Provide adequate ventilation...stored or prepared" to the "Directions for Use" section of the label.
- 2. Either delete the statements "Repeat as necessary" or indicate a time period for retreatment based upon the residual efficacy of this product.
- 3. Either delete the statement "More frequent application...plywood surfaces." or indicate a time period for retreatment based upon the residual efficacy of this product.
- 4. Because your product contains petroleum distillate, revise your "First Aid" statement for the "If Swallowed" section to read:
  - "IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person."
- 5. Under the "Directions for Use" section, please add the following statement: "Do not allow children or pets to enter treated area until surface is dry."

A stamped copy of the label has been enclosed for your records. If you have any questions, please call Dr. William Sproat of my team at 703-308-8587.

Sincerely

George T. LaRocca Product Manager 13 Insecticide Branch
