

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (H7505C)
 401 "M" St., S.W.
 Washington, D.C. 20460

EPA Reg. Number:
 4822-480

Date of Issuance:
JUL 28 1998

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:
Conditional

Name of Pesticide Product: **Raid**
Product 420

Name and Address of Registrant (include ZIP Code):

S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 4822-480".
- b. Add the statement, "Contains sodium nitrite.", as a footnote to the ingredients statement.
- c. Change the Signal Word to "Caution".

Signature of Approving Official:

See page 2

Date:

July 28, 1998

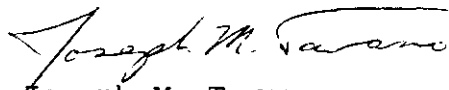

d. Change the Precautionary Statements to read: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Joseph M. Tavano
Biologist
Insecticide Branch
Registration Division (7505C)

**ACCEPTED
with COMMENTS
In EPA Letter Dated:
JUL 28 1998**
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.
4822-480

(New) Raid Product 420 is a new way to freshen and deodorize your home. That's because (New) Raid Product 420 eliminates (kills) (the) dust mites (that can hide in even the cleanest homes).

(New) Raid Product 420 penetrates deep into carpet fibers, to effectively deodorize and freshen. But then, unlike regular sprays, Raid Product 420 special formula helps eliminate dust mites too.

(New) Raid Product 420 not only deodorizes and freshens - it helps eliminate dust mites and their allergens for a fresher (more hygienic) home. The more you use (new) Raid Product 420, the more you'll notice the difference.

(New) Raid Product 420 helps eliminate a common allergen source in the home - dust mites.

New!

Kills dust mites.

Kills dust mites in carpets and rugs where dust mites live and breed.

Helps eliminate dust mites.

Kills dust mites that can hide in even the cleanest homes.

Controls dust mites.

Controls dust mites for up to 4 weeks (30 days) (1 month) (6 weeks).

Kills dust mites and reduces their allergens for up to 4 weeks.

Helps eliminate a common allergen source in the home -- dust mites.

A simple, effective, and affordable way to control dust mites.

Penetrates deep into carpet fibers to effectively deodorize and freshen.

Penetrates deep into carpet fibers where dust mites live and breed to effectively kill dust mites, and reduce their allergens for up to 4 weeks.

Penetrates deep into carpet fibers to (effectively) kill dust mites (and reduce their allergens).

Goes beyond deodorizing. (It does more than deodorize.)

A new way to freshen and deodorize your home.

Absorbs and eliminates the toughest odors.

Helps eliminate pet odors.

Invisible (microscopic) house dust mites live in the carpeting and rugs (in 9 out of 10 homes).

Bedrooms, living rooms, family rooms and places where we tend to spend a lot of time provide the ideal environment for dust mites.

Use (new) Raid Product 420 on carpeting in the areas of your home where you spend the most time.

Millions of dust mites can live in a square foot of carpet.

Vacuuming alone will not remove dust mites.

One 16 oz. Container will cover about 60 sq. feet.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Keep children and pets off treated areas until dry.

TO KILL DUST MITES ON CARPETS:

Test an inconspicuous area for color fastness.

1. Hold container 6-8" from clean surface and spray until covered with mist.
2. Allow spray to penetrate the surface and dry, approximately 20 minutes.

For best results vacuum thoroughly.

For best results repeat treatment at least every 4 weeks.

TO ELIMINATE MOLD AND MILDEW ODORS:

Clean surface prior to application. Spray surface until covered with mist. Allow to stand 10 minutes to air dry. Repeat as necessary.

TO DEODORIZE:

Spray surface until covered with mist. Allow to stand 10 minutes to air dry. Repeat as necessary.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING Causes substantial but temporary eye injury. Harmful if absorbed through skin. Avoid contact with skin. Wash thoroughly with soap and water after handling. Do not get in eyes or on clothing. Remove and wash contaminated clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT If in eyes: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention if irritation persists. If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists. If swallowed: Call a physician or poison control center. Do not induce vomiting.

NOTE TO PHYSICIAN: Probably mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL OR CHEMICAL HAZARDS Flammable. Contents under pressure. Exposure to temperatures above 130 F may cause bursting. Do not use near heat or open flame. Keep treated surfaces away from fire, sparks, or flame until dry.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area inaccessible to children.

DISPOSAL: Wrap empty container and put in trash.
