UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

Ms. Sandra Baugh
Registration Specialist
SC Johnson & Son
1525 Howe Street
Racine, WI 53403

JAN - 8 2002

Subject: Tough Act The Heavy Duty Bathroom Cleaner
EPA Registration No. 4822-504
Amendment Date: October 9, 2001
EPA Receipt Date: October 10, 2001

Dear Ms. Baugh,

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- Update First Aid Statements per PR Notice 2001-1

Conditions

Revise the label as follows:

1. Revise the claim, "Kills odor causing germs" to "Kills odor causing *bacteria*." You can not blend a non-public health claim, "odor causing," with a public health claim, "germs."
2. Revise the phrase, "For all other surfaces," to read "For all other *hard, non-porous* surfaces."
3. The surfaces, "tile, porcelain, ceramic tile, porcelain surfaces," must be qualified as hard, non-porous by stating glazed; for example, "*glazed porcelain surfaces*."
4. Revise the "*T. mentagrophytes* {Athlete's foot fungus}" to read *T. mentagrophytes*, the agent that causes Athlete's foot fungus."
5. Under the trigger foamer directions, you will need to incorporate the

CONCURRENCES

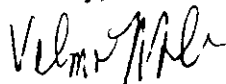

SYMBOL								
SURNAME								
DATE								

“deodorizing” claim by either adding “*Deodorize*” to the “To Clean” or to the “To Disinfect” directions.

6. Revise the “To Disinfect” directions by stating “*Pre-clean heavily soiled surfaces prior to disinfection. Hold 6-8" from the surface. Spray with quick, full strokes covering surfaces completely.* Allow surfaces to remain wet for 10 minutes. Then wipe.
7. Since this product is used in bathrooms on porcelain surfaces and efficacy data was not submitted to support interior toilet bowl disinfection, you will need to either state “*disinfect exterior surfaces of the toilet*” or add the following directions: “*Empty water from toilet bowl or urinal. Hold 6-8" from surface. Spray covering exposed surfaces. Brush thoroughly over surfaces including under the rim to completely wet surfaces, let stand for 10 minutes, then flush.*”
8. The statement, “do not use on eating utensils, plates, and glasses,” needs to be added as the last sentence under the directions for the foam and non-foam trigger. You should delete this statement from the mold/mildew growth directions.

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed label before distributing or selling the product bearing the revised labeling. If you have any questions regarding this letter, please contact Jacqueline McFarlane at (703) 308-6416.

Sincerely,

Velma Noble
Product Manager (31)

Tough Act® has Scrubbing Bubbles®, whose foaming action thoroughly cleans, shines, disinfects and deodorizes. No scrubbing required. Specially formulated to attack soap scum, hard water stains and dirt. Controls mold and mildew growth on hard, nonporous surfaces. Kills household germs†: *Staphylococcus aureus* (Staph), *Streptococcus pyogenes* (Strep), *Salmonella choleraesuis* (Salmonella), *Trichophyton mentagrophytes* (Athlete's foot fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses*: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A₂ (Hong Kong), Respiratory syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces. Effective on countertops, appliances, cabinets, exhaust fans, microwave ovens, floors, ceramic tile, stainless steel, chrome, fiberglass, porcelain surfaces, tubs, showers, sinks, basins, and chrome fixtures. For all other surfaces, spot test in an inconspicuous area. Contains no abrasives, so it can't scratch surfaces. Leaves a brilliant shine and a fresh, clean scent.

OR

Tough Act® The Heavy Duty Bathroom Cleaner thoroughly cleans, shines, disinfects and deodorizes. Specially formulated to attack soap scum, hard water stains and dirt. Controls mold and mildew growth on hard, nonporous surfaces. Kills household germs†: *Staphylococcus aureus* (Staph), *Streptococcus pyogenes* (Strep), *Salmonella choleraesuis* (Salmonella), *Trichophyton mentagrophytes* (Athlete's foot fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses*: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A₂ (Hong Kong), Respiratory syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces. Effective on tubs, showers, basins, ceramic tile, stainless steel and chrome fixtures, fiberglass and porcelain surfaces. For all other surfaces, spot test in an inconspicuous area. Contains no abrasives, so it can't scratch surfaces. Leaves a brilliant shine and a fresh, clean scent.

OR

With this S.C. Johnson product, you can be sure your home doesn't just look clean, it's microscopically clean. This S.C. Johnson product does it all – cleans, shines, deodorizes and disinfects – for a complete clean. Unlike ordinary cleaners and disinfectants, this effective, versatile cleaner not only wipes out tough grease and grime, it kills food-related bacteria and odor-causing germs: *Salmonella choleraesuis* (Salmonella), *Streptococcus pyogenes* (Strep), *Staphylococcus aureus* (Staph), *Trichophyton mentagrophytes* (Athlete's Foot Fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses*: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A₂ (Hong Kong), Respiratory syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces, all around the house, even on glass! All that's left behind is a light fresh scent and a streak-free shine.

The cleaning experts at S.C. Johnson have combined the latest cleaning technology with antibacterial disinfectants, so there's nothing left behind but a brilliant, streak-free shine, plus a light fresh scent. You can be sure your home not only looks clean, it's completely clean.

OR

Tough Act® has combined its cleaners with antibacterial ingredients to kill bacteria: *Staphylococcus aureus* (Staph), *Streptococcus pyogenes* (Strep), *Salmonella choleraesuis* (Salmonella), *Trichophyton mentagrophytes* (Athlete's foot fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and odor causing germs and viruses*: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A₂ (Hong Kong), Respiratory syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces. Now you can disinfect as you cut through even the toughest greasy dirt leaving surfaces with a sparkling streak-free shine. Your kitchen is left with a fresh lemon scent that makes it smell as clean as it looks. Controls mold and mildew growth on hard, nonporous surfaces. Effective on countertops, appliances, cabinets, exhaust fans, microwave ovens, floors, ceramic tile, stainless steel, chrome, fiberglass, porcelain surfaces, tubs, showers, sinks, basins, and chrome fixtures. For all other surfaces, spot test in an inconspicuous area. Contains no abrasives, so it can't scratch surfaces.

OR

S.C. Johnson brings you this scientifically advanced cleaning product that does it all - cuts grease streak-free and kills household germs†: *Salmonella choleraesuis* (Salmonella), *Streptococcus pyogenes* (Strep), *Staphylococcus aureus* (Staph), *Trichophyton mentagrophytes* (Athlete's Foot Fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses*: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A₂ (Hong Kong), Respiratory syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces. The cleaning experts at S.C. Johnson combined the streak-free, grease cutting power of Tough Act® with antibacterial disinfectants so you can get the maximum clean for your home.

OR

With this hardworking S.C. Johnson product, your home not only looks clean, it's microscopically clean. Unlike ordinary glass and surface cleaners, this scientifically advanced formula leaves a brilliant, streak-free shine, plus kills common household germs†: *Salmonella choleraesuis* (Salmonella), *Streptococcus pyogenes* (Strep), *Staphylococcus aureus* (Staph), *Trichophyton mentagrophytes* (Athlete's Foot Fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses*: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A₂ (Hong Kong), Respiratory syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces.

S.C. Johnson science has combined the best glass and surface cleaning technology with antibacterial disinfectants so you can get a clean, shiny surface, while killing household germs†. Perfect for high-touch areas like doors, windows, tabletops, appliances and countertops, where food germs, hand prints, or pet smudges appear.

Use throughout your home to clean, shine, and disinfect on shiny surfaces like glass, windows, mirrors, countertops, appliances, chrome, stainless steel, aluminum, ceramic tile, porcelain surfaces, fiberglass, and patio doors. For all other surfaces, spot test in an inconspicuous area. Not recommended for wood or varnished surfaces.

(TO OPERATE: Rotate nozzle to "ON" position and spray.)

Directions For Use for trigger foamer:

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO CLEAN, hold 6-8 inches from surface. Spray with quick, full strokes. Allow foam to penetrate dirt and soap scum. Wipe with wet cloth or sponge, rinse with water.

TO DISINFECT, reapply, covering entire surface with foam. Allow surface to remain wet for 10 minutes. Then wipe.

TO PREVENT MOLD AND MILDEW GROWTH on hard, nonporous surfaces, spray thoroughly. Reapply as new growth appears.

TO REFILL: Remove trigger sprayer from empty bottle. Unscrew cap on refill and pour contents directly into empty bottle. Replace trigger sprayer and use as you normally would.

FOR FLOORS AND BIG JOBS: Mix 1 cup of Tough Act® with 1 gallon of water. Apply with mop or sponge. Cleans all washable floors including no-wax, linoleum, vinyl, and ceramic tile. Use full strength for tough greasy stains. For spot cleaning floors, apply straight from bottle and wipe clean with damp sponge or mop.

When using on food contact surfaces such as countertops, stoves or appliances, thoroughly rinse all wetted and cleaned surfaces with potable (tap) water. Make sure the product does not contact food.

9/13

Directions For Use for non-foamer trigger:

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR GENERAL HOUSEHOLD CLEANING, hold 6-8 inches from surface, spray surface then wipe with a dry paper towel or lint-free cloth. No rinsing necessary.

TO DISINFECT/DEODORIZE, reapply, covering entire surface with spray. Allow surface to remain wet for 10 minutes. Then wipe.

TO PREVENT MOLD AND MILDEW GROWTH on hard, nonporous surfaces, spray thoroughly. Reapply as new growth appears. Do not use on eating utensils, plates or glasses.

TO REFILL: Remove trigger sprayer from empty bottle. Unscrew cap on refill and pour contents directly into empty bottle. Replace trigger sprayer and use as you normally would.

FOR FLOORS AND BIG JOBS: Mix 1 cup of Tough Act® with 1 gallon of water. Apply with mop or sponge. Cleans all washable floors including no-wax, linoleum, vinyl, and ceramic tile. Use full strength for tough greasy stains. For spot cleaning floors, apply straight from bottle and wipe clean with damp sponge or mop.

When using on food contact surfaces such as countertops, stoves or appliances, thoroughly rinse all wetted and cleaned surfaces with potable (tap) water. Make sure the product does not contact food.

PRECAUTIONARY STATEMENTS (:)

HAZARDS TO HUMANS AND DOMESTIC ANIMALS (:)

CAUTION (:) CAUSES MODERATE EYE IRRITATION. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

[Note to Reviewer: Boxed format and "bullets" as listed below will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID

If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

STORAGE & DISPOSAL(:)

STORAGE: STORE OUT OF THE REACH OF CHILDREN. **DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

The following Spanish translation is used on Antibacterial Scrubbing Bubbles® III Bathroom Cleaner (Alternate Brand Name):

Con repuesto
Limpiador de Baño
¡Elimina las manchas del jabón fácilmente!
¡Desinfecta y desodoriza!

PRECAUCIÓN: MANTENGA FUERA DEL ALCANCE DE LOS NIÑOS
Consulte al dorso para precauciones adicionales

Antibacterial Scrubbing Bubbles® III Limpiador de Baños contiene SCRUBBING BUBBLES® cuyo efecto de la espuma de globitos limpia a fondo, da brillo, desinfecta y desodoriza. No hace falta frotar. Está formulado especialmente para atacar la suciedad del jabón, las manchas del agua calcificada y la mugre. Controla los hongos y el moho en las superficies duras y que no son porosas. Mata los gérmenes caseros†: *Estafilococo aureus* (Staph), *Estreptocóccico pyogenes* (Strep), *Salmonella choleraesuis* (Salmonella), *Trichophyton mentagrophytes* (Hongo de Pie de Atleta), *Pseudomonas aeruginosa* (*Pseudomonas*), *Escherichia coli* (*E. coli*), *Campylobacter jejuni* y *Disentería shigella* y virus*: Herpes simplex virus tipo 1 (causa afta de catarro), Herpes simplex tipo 2 (causa herpes genitales), Influenza A₂ (Hong Kong), Virus respiratorio sincitial (RSV) y Rhino virus tipo 37 en superficies ambientales.

Efectivo en los mostradores de la cocina, electrodomésticos, gabinetes, extractores de aire, hornos de microondas, pisos, azulejos de cerámica, acero inoxidable, cromo, vidrio fibroso, superficies de porcelana, bañeras, duchas, fregaderos, lavabos y accesorios cromados. Para usarlo en otras superficies, primero pruébelo en un área poco notable. Como no contiene abrasivos, no raya las superficies. Deja un brillo resplandeciente y un olor fresco y limpio.

(PARA USARLO: Gire el inyector a la posición de "ON" y rocielo.)

Instrucciones Para Usar el disparador que echa espuma:

INSTRUCCIONES PARA USARLO:

Se considera una violación de la ley Federal usar este producto de una manera contraria a lo que indica la etiqueta.

PARA LIMPIAR, colóquelo a 6 ó 8 pulgadas de la superficie. Rocíelo como si estuviera dando una pincelada rápida. Permita que la espuma penetre la mugre y las manchas del jabón. Limpie con un trapo húmedo o con una esponja y después enjuague la superficie con agua.

PARA DESINFECTAR, vuelva a aplicar el producto pero ésta vez cubra toda la superficie con la espuma. Permita que transcurran 10 minutos con la superficie rociada. Después puede limpiarla.

PARA PREVENIR QUE CREZCAN HONGOS Y MOHO en superficies duras, que no son porosas, rocielo bien. Vuelva a aplicarlo si ve que se están creando nuevos hongos.

PARA RELLENAR: Remueva el rociador de la botella vacía. Desenrosque la tapa y llene de nuevo la botella vacía. Vuelva a colocar el disparador y vuelva a usarlo como antes se indicó.

11/13

PARA LOS PISOS Y AREAS GRANDES: Mezcle una taza de Antibacterial Scrubbing Bubbles® III Limpiador de Baños en un galón de agua. Aplíquelo con un trapeador o una esponja. Limpia todo tipo de pisos incluyendo aquellos que no requieren cera, linóleo, vinilo, y azulejos de cerámica. Si tiene manchas de grasa bien resistentes, úselo puro sin mezclar. Para quitar manchas salteadas en el piso, aplique directamente a la mancha y límpielo con una esponja húmeda o un trapeador.

Cuando lo use en superficies dónde se colocan alimentos así como los mostradores de la cocina, estufa o electrodomésticos, enjuague a fondo con agua potable toda las superficies rociadas y limpiadas con el producto. Asegúrese de que el producto no toque la comida.

DECLARACIONES DE PREVENCIÓN (:)

PRECAUCIÓN: RIESGOS PARA LOS HUMANOS Y ANIMALES DOMÉSTICOS: CAUSA IRRITACIÓN MODERADA EN LOS OJOS. Evite el contacto con los ojos y la ropa. Lávese bien con jabón y agua después de utilizarlo.

[Nota al Revisor: El formato en "cuadro" y los "puntos" como se demuestran abajo seran usados si hay espacio en la etiqueta; de lo contrario se usara el formato en párrafo.]

PRIMEROS AUXILIOS

En los ojos	<ul style="list-style-type: none"> • Mantenga el ojo abierto y enjuáguelo con agua despacio y suavemente durante 15-20 minutos. • Si tiene lentes de contacto, quíteselos después de los primeros 5 minutos, luego siga enjugando el ojo. • Llame a un centro de control de envenenamiento o al médico para recibir consejos sobre tratamiento
Tenga a su disposición el envase o la etiqueta del producto cuando llame a un centro de control de envenenamiento o al médico, o cuando vaya a tratamiento.	

ALMACENAMIENTO Y ELIMINACIÓN (:)

ALMACENAMIENTO: ALMACENE FUERA DEL ALCANCE DE LOS NIÑOS.

ELIMINACIÓN: No vuelva a usar el envase. Enjuague completamente antes de desechar en la basura.
