Dear Mr. LaRocca:

Re:

Raid KDN EPA Reg. No. 4822-518 Notification of minor label revisions per PR Notice 98-10 and 2001-1

S.C. Johnson & Son, Inc. hereby notifies the U.S. Environmental Protection Agency that we have modified an already accepted claim so that it can use the word "two" or the numeral "2" in "Spray Two(2) Ways!" which is consistent with PR Notice 98-10, section II. N., Other Revisions. We have also discovered a typographical error on our part related to the text required by PRN 2001-1 and have made that correction by adding "eye" to complete one sentence under the heading of "IF IN EYES" so that it correctly reads "Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye."

We have enclosed a completed Application for Pesticide Registration form and 3 copies of the label with these changes clearly marked in **bold italics** to facilitate your review.

I can be reached by telephone at (262) 260-4722 if you have any questions or require further information regarding this notification. Thank you for your attention to this matter.

Best Regards,

Tharen E Sour
