Daniel Usry
Registration Specialist
S.C. Johnson & Son, Inc.
1525 Howe St.
Racine, WI 53403-2236

Subject: Label Amendment – Adding “Money Back Guarantee” claim.
Product Name: Raid KDN
EPA Registration Number: 4822-518
Application Date: October 13th, 2023
Case Number: 491301

Dear Daniel Usry:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or

claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Laura Rademacher at Rademacher.Laura@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Campbell". The signature is written in a cursive style with a large initial "S" and a long horizontal stroke.

Scott Campbell, Acting Product Manager 03

Peel (remove) (tear) label (sticker) (coupon) (here) for complete use directions and precautionary statements Peel (remove) (tear) label (sticker) (coupon) (here) before use.

Read entire label before use.
Apply this product only as specified.
Visit [website] to identify your bug and best treatment plan.

Use this product ([brand name]) to kill roaches and other listed bugs on contact.
Use to kill roaches and other listed bugs on contact.
Avoid spraying near baits to make sure roaches (and other listed bugs) can bring the bait back to where they hide. Use this product ([brand name]) to (help) keep listed (bugs) (roaches) out (of your home).
Use to (help) keep listed (bugs) (roaches) out of your home.
Sprays 2 ways. Spray with the wand up for precise application in tight spots, including cracks, crevices, and under appliances. Spray with the wand folded down for larger areas.
Read the label to find the right product for your bug problem.

(Additional) Tips (Non-chemical Control Options) [one or more to be chosen from the following list]:

- Remove food spills and exposed food.
- Store food in sealed containers.
- Avoid leaving (accumulating) dirty dishes in sinks.
- Caulk any points where bugs enter into wall voids, cracks and crevices, including entry points from outside or neighboring units.
- Caulk hiding spots and points of entry (from outside or neighboring units).
- Keep food out of bedroom(s) and living room(s)
- Do not store items like firewood near the home, which provides areas for outdoor roaches to live and breed.

Raid Defense System (Defense System)

- Attack(s) Bugs*
- Control(s) Bugs†
- Prevent(s) Bugs‡

Raid Defense System (Raid Guided Support) helps you work smarter, not harder, to fight bugs. Visit raidkillsbugs.com to identify your bug and best treatment plan.

Use this product to:
Attack Bugs
Kill bugs on contact (Kill the bugs you see)

*Use this product to kill (Use to kill) roaches and other listed bugs on contact. Sprays 2 ways. pray with the wand up for precise application in tight spots, including cracks, crevices, and under appliances. Spray with the wand folded down for larger areas. Avoid spraying near baits to make sure bugs can bring the bait back to where they hide.

[Information in brackets is notes to Reviewer]
(Information in parentheses is optional language)

Use other Raid products to:

Control Bugs

Kill bugs at the source (Kill the bugs you don't see)

† Use a Raid Roach bait product to kill roaches where they hide. For heavy infestations, first use a Raid Fogger or Fumigator product and then place baits to provide ongoing control. Read the label to find the right product for your bug problem.

Prevent Bugs

Help keep bugs out (Keep bugs out)

‡ Use a (Raid Perimeter Protection) (Other sub name for EPA Reg. No. 4822-561) product to help keep (to keep) roaches and other listed bugs out (of your home). Or, spray this product along baseboards, inside cracks, and behind appliances. Do not spray surfaces with more than one pest control product. Read the label to find the right product for your bug problem.
