The following are comments the Agency has addressed:

1. Under comment one (1) of the Agency letter, the double cross has been placed throughout the label by the word ~~virucide~~. Also, it is okay to keep the Claim ~~The easiest way to keep your house clean everyday~~ and ~~Fast/Easy/Effective~~.
2. The claim ~~safe~~ have been deleted throughout the label.
3. See the Agency policy on the following claims: With Vingar, With Rosemary, Eucalyptus and Mint, Oils.
4. Delete the claims ~~fast/faster~~. The Agency stands by these claims.
5. The terms ~~in seconds~~ or ~~kills in seconds~~, you can have these terms, but you must footnote them on the label.
6. When using the term 99.9% of Bacteria, it is okay to have that statement on the label when you are referring to non-food contact surfaces. Delete the term from the label when you refer to ~~Disinfection~~.
7. The term ~~Helps prevent the surface transfer of harmful bacteria between surfaces~~ should not be used, instead use the term ~~Helps prevent or reduces cross-contamination from treated surfaces~~.

Should you have any questions or comments concerning this letter, please contact Zenobia Jones at (703) 308-6198.
