OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

JUN 24 2009

Kelly K. Naujock  
S.C. Johnson & Son, Inc.  
1525 Howe St.  
Racine, WI 53403

Subject: **Fairway II**  
EPA Reg. No. 4822-530  
Application Dated: March 24, 2009  
EPA Receipt Date: March 26, 2009

Dear Ms. Naujock:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended is acceptable with conditions as listed below.

**Proposed Amendments:**

- Update label per Container/Containment Rule

**Conditions**

Revise the label as follows:

1) Revise the 2<sup>nd</sup> claim on page 2 under Misc. Statement, 12<sup>th</sup> claim on page 3 and 18<sup>th</sup> claim on page 4 by deleting the terms, "Chlorine" and "Bleach." Statements or claims that express the absence of certain ingredients may be misleading statements prohibited by 40 CFR156.10 (a)(5). These claims are examples of a true statement used in such a way as to give a false and misleading impression to the purchaser. Even though a claim expressing the absence of an ingredient is true, it would generally be considered to be misleading because it falsely suggests to the purchaser that the product is less risky, better, or more desirable than a product containing the ingredient in question.

Further, a product must not claim that it does not contain an ingredient if it never contained or was likely to contain the substance in the first place:

2. On page 2, delete the claims, "The Most Advanced (this product) Formula Ever!" and "Improved Formula!" because it implies heightened efficacy:

3. Delete the word, "Recommended," on page 5 to bring the claim into compliance with PR Notice 2000-5, Mandatory labeling, and reword the phrase, "Do not use"

SYMBOL								
SURNAME								
DATE								

2 of 16

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

4. Qualify the surfaces, fiberglass, porcelain, porcelain surfaces, and synthetic marble on page 6 and 7 as hard nonporous by stating "sealed" fiberglass, "glazed" porcelain, "glazed" porcelain surfaces, and "sealed" synthetic marble.

5. Delete the phrase, "Not Recommended," on page 6 to bring the statement into compliance with PR Notice 2000-5, Mandatory Labeling, and replace it with the phrase, "Do not use".

6. Since this product is sold in the residential market as well as the commercial, institutional, and industrial markets, the "Storage and Disposal" statements must be revised accordingly. Also, Ready-to-Use public health products are exempt from providing residue removal statements.

(Residential -nonrefillable container/final disposal)

**Storage and Disposal**

Store in original container in areas in accessible to children or persons unfamiliar with its use. Nonrefillable container. Do not reuse container. Offer for recycling or reconditioning, if available. If not, discard in the trash.

(Residential-refillable container)

Store in original container in areas in accessible to children or persons unfamiliar with its use. Refillable Container. Refill this container with pesticide only. Do not reuse this container for any other purpose.

(Commercial, Industrial, Institutional)

**Storage and Disposal**

Do not contaminate water, food, or feed by storage and disposal

**Pesticide Storage:** Store in original container in areas in accessible to children or persons unfamiliar with its use.

**Pesticide Disposal:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Refillable Container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Final disposal: Nonrefillable container. Do not reuse container. Offer for recycling or reconditioning, if available. If not, discard in the trash.

**General Comments**

A stamped copy of the accepted labeling is enclosed. Submit one (1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Drusilla Copeland at (703) 308-6224 or Velma Noble at (703) 308-6233.

Sincerely,

*Velma Noble*

 Kills (household) bacteria<sup>†</sup> in seconds!!!  
 (This product) is an effective, versatile cleaner that sanitizes (in 10 seconds<sup>†</sup>) (on) (bathroom surfaces) (surfaces in your home)  
 (This product) Kills 99.9% of (household), (bacteria<sup>†</sup>), on hard, non-porous surfaces (environmental surfaces) (household surfaces) throughout your home (and in public places) (in) (10 seconds). (:)

- <sup>†</sup>Staphylococcus aureus (Staph)
- Enterobacter aerogenes (Enterobacter)
- Escherichia coli (E. coli)
- Salmonella choleraesuis (Salmonella)
- Listeria monocytogenes (Listeria)
- Streptococcus pyogenes (Strep)

**Mold and Mildew / Fungistatic Claims:**

(This product) will (also) (effectively) (prevent) (s) (control) (s) (inhibit)(s) (the growth of) mold and mildew (and their odors).  
 (Prevents) (controls) (inhibits) (the growth of) mold and mildew (and their odors) (on surfaces in your home) (and in public places).  
 Deodorizes (by killing) (the) (household) (germs) (that cause odors).  
 Eliminates (the source of) (odors) on (environmental) (household) surfaces (in the home).  
 (Prevents) (controls) (inhibits) (the growth of) mold and mildew (and their odors).  
 Helps [(Prevent) (control) (inhibit) (the growth of) mold and mildew (and their odors)].  
 Controls (smelly) mildew that (can) grow(s) in (even the cleanest) homes).  
 (Prevents) (controls) (inhibits) (the growth of) (mold and mildew) (Aspergillus niger)

**Fungicidal (Fungicide) Claims:**

(This product) kills (the fungus) (Trichophyton mentagrophytes) (that causes Athlete's Foot Fungus) on bathroom surfaces.

(This product) is effective against the pathogenic fungi Trichophyton mentagrophytes (Athlete's Foot Fungus) (that causes Athlete's Foot Fungus) when used as directed for disinfection with a contact time of 3 minutes on hard, nonporous surfaces in bathrooms, including shower stalls and glazed bathroom tiles.

**Virucidal (Virucide) Claims:**

(Kills) (99.9%) (Viruses<sup>††</sup>)  
 (This product) is an effective, versatile cleaner that kills household viruses<sup>††</sup> (on bathroom surfaces)  
 Kills (99.9% of) viruses<sup>††</sup> in 3 minutes!  
 Kills (99.9% of) common (household) viruses<sup>††</sup> (fast) in 3 minutes!  
 Kills (99.9% of) viruses<sup>††</sup> on (environmental) (household) surfaces (.)(!)  
 (This product) Kills (99.9%) of household viruses<sup>††</sup> on (hard) (hard, non-porous) (surfaces) (environmental surfaces) (household surfaces) (throughout your home) (and in public places).

- <sup>††</sup>Rhinovirus Type 37 (common cold)
- Influenza A2/Hong Kong (Influenza) (flu)
- Herpes Simplex Virus Type 1 (causes cold sores)
- Herpes Simplex Virus Type 2

(TO OPERATE:)

(Rotate nozzle to "ON" position and spray) (Turn nozzle to ON position.) (Turn trigger to "ON")

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL (HOUSEHOLD / KITCHEN / BATHROOM / FLOOR) CLEANING (TO CLEAN):

Spray product onto soiled surfaces and wipe with a dry paper towel or lint-free cloth. No scrubbing or rinsing necessary.

TO SANITIZE (AND DEODORIZE) HARD, NON-POROUS SURFACES: Spray until thoroughly wet. Let stand 10 seconds. Then wipe. For heavily soiled areas or surfaces, a precleaning is required.

TO DISINFECT (AND) (KILL MOLD & MILDEW) (AND DEODORIZE) (ON) HARD, NON-POROUS SURFACES: Spray until thoroughly wet. Allow surface to remain wet for 3 minutes. Then wipe. For heavily soiled areas or surfaces, a precleaning is required.

TO (KILL AND) INHIBIT MOLD AND MILDEW ON HARD, NON-POROUS SURFACES: Preclean first. Spray until thoroughly wet. Allow surface to remain wet for 3 minutes. Then wipe. Reapply at weekly intervals or when new growth appears.

Rinse food contact surfaces with clean - or - tap - or - potable water.

~~(Not recommended)~~ for use on acrylic, brass, (natural) marble, finished wood, painted or worn surfaces.

Spot test all other surfaces in an inconspicuous area.)

(Unplug electrical appliances before using - or - spraying.)

FOR FLOORS AND BIG JOBS: Mix 1 cup (of this product) with 1 gallon of water. Apply with mop or sponge. Cleans all washable floors, including no-wax, linoleum, vinyl, and glazed ceramic tile. Use full strength for tough greasy stains. For spot cleaning floors, apply straight from bottle and wipe clean with damp sponge or mop.

TO REFILL: Remove trigger sprayer from empty bottle. Unscrew cap on refill and pour contents directly into empty bottle. Replace trigger sprayer and use as you normally would.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: CAUSES MODERATE EYE IRRITATION. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

(Note to Reviewer: Boxed format or bullets may be used in First Aid section if label space permits.)

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

120916

(STORAGE & DISPOSAL)

STORAGE: STORE OUT OF REACH OF CHILDREN. DISPOSAL: Do not reuse *or refill* this container (with any product other than (This product) refill). Rinse thoroughly before discarding in trash. ***Place in trash or offer for recycling if available***

22 fl. oz. + 128 fl. oz. = 6<sup>4</sup>/<sub>5</sub>-22 fl. oz. Bottles

22 fl. oz. + 96 fl. oz. = 5<sup>2</sup>/<sub>5</sub>-22 fl. oz. Bottles

22 fl. oz. + 80 fl. oz. = 4<sup>3</sup>/<sub>5</sub>-22 fl. oz. Bottles

22 fl. oz. + 67.6 fl. oz. = 4<sup>1</sup>/<sub>10</sub>-22 fl. oz. Bottles

(Note to Reviewer: The following is a complete listing of all organisms / data that have been provided in support of this registration as a Disinfectant / Deodorizer / Sanitizer / Virucidal / Fungicidal / Fungistatic)

Note: All studies incorporated a 5% soil load except Fungistatic (Aspergillus niger).

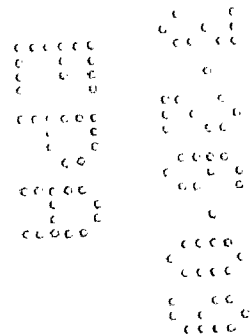

Organism	Test	Contact Time	Soil Load
Staphylococcus aureus (Staph) Salmonella choleraesuis (Salmonella) Pseudomonas aeruginosa (Pseudomonas)	Disinfectant	3 minute	5%
Staphylococcus aureus (Staph) Enterobacter aerogenes (Enterobacter) Escherichia coli (E. coli) Salmonella choleraesuis (Salmonella) Listeria monocytogenes (Listeria) Streptococcus pyogenes (Strep)	Sanitizer	10 second	5%
Rhinovirus Type 37 (common cold) Influenza A2/Hong Kong (Influenza) (flu) Herpes Simplex Virus Type 1 (causes cold sores) Herpes Simplex Virus Type 2	Virucidal	3 minute	5%
Aspergillus niger (mold and mildew) (Controls/prevents/inhibits fungi)	Fungistatic	3 minute	N/A
Trichophyton mentagrophytes (causes Athlete's Foot Fungus) Kills fungi	Fungicidal	3 minute	5%

Disinfectant / Deodorizer – 3 minute:

- Staphylococcus aureus (Staph)
- Salmonella choleraesuis (Salmonella)
- Pseudomonas aeruginosa (Pseudomonas)

Sanitizer – 10 Second:

- Staphylococcus aureus (Staph)
- Enterobacter aerogenes (Enterobacter)
- Escherichia coli (E. coli)
- Salmonella choleraesuis (Salmonella)
- Listeria monocytogenes (Listeria)
- Streptococcus pyogenes (Strep)

Virucidal – 3 minute:

- Rhinovirus Type 37 (common cold)
- Influenza A2 (Influenza) (flu)
- Herpes Simplex Virus Type 1 (causes cold sores)
- Herpes Simplex Virus Type 2

Fungistatic 3 minute (Controls/prevents/inhibits fungi)

- Aspergillus niger (mold and mildew)

Fungicidal 3 minute (Kills fungi)

- Trichophyton mentagrophytes (causes Athlete's Foot Fungus)
