Subject: Fairway II  
EPA Registration No.: 4822-530  
Amendments Dated: July 8, 2010  
EPA Receipt Date: July 14, 2010

Dear Kelly Naujock,

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable subject to the conditions listed below:

- 1) The following alternate brand names are acceptable: "Scrubbing Bubbles All Purpose Cleaner" and "SC Johnson Disinfectant."
- 2) Delete the third statement on the first page: "(This product) is (a) (an) (.) (!)" This statement does not make sense.
- 3) Delete the following statement on page 2 as it implies heightened efficacy when the new alternate brand name (SC Johnson Disinfectant) is used in place of (this product). Delete: "The Most Advanced (this product) Cleaner Ever!"
- 4) Correct the spelling error on page 6 in the statement beginning: "Use on Stainless Steel, Chrome..." to read "...Glazed Porcelain..."

5) Revise the third statement on page 8 under the heading: Mold and Mildew/Fungistatic Claims by clarifying references to public health and non-public health organisms. Revise as follows: "Deodorizes (by killing) (the) (household) (*bacteria*) (*microorganisms*) (that cause odors)." Claims for effectiveness against odor causing organisms refer to non-public health pests while "germs" refers to public health pests. The use of this term "germs" in this statement is not acceptable.
