U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

EPA Reg. Number:
4822-531

Date of Issuance:
MAY 05 2003

NOTICE OF PESTICIDE:
 X Registration
 Re-registration

Term of Issuance:
CONDITIONAL

Name of Pesticide Product:
Raid 1000

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP code):

S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403-2236

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/re-registered under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA Section 4, or as required by registration review under FIFRA Section 3(g).
2. Make the following labeling changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 4822-531.
 - b. Place the appropriate Establishment No. on the product labeling.

Signature of Approving Official:

Marshall Swindell, Product Manager, Team 33,
Regulatory Management Branch I, Antimicrobials Division

Date:

MAY 05 2003

page 2
EPA Reg. No. 4822-531

3. Make the following label revisions:

- a. Since some claims as written can be interpreted to mean that the product controls "mildew" and not "mildew odors, change the phrase, "mildew" to read "mildew odors" throughout the label text as necessary.
- b. Change the statement, "Sanitizes the air" to read "Sanitizes the air by temporarily reducing the number of odor-causing bacteria."
- c. Delete the statement "Solve odor problems at the source" from the product labeling. This can be interpreted to mean that your product controls bacteria in materials (i.e., garbage, laundry, etc..) which produces odors.
- d. Unqualified claims such as "kills bacteria", "reduces bacteria in the air", and "destroys bacteria in the air" must all be qualified by specifying "odor-causing bacteria."

4. Submit three copies of a final printed production label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

The Confidential Statement of Formula dated December 16th, 2002, is acceptable.

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Karen M. Leavy-Munk at (703)-308-6237.

Sincerely,

Marshall Swindell
Product Manager 33
Regulatory Management Branch I
Antimicrobial Division(7510C)

DIRECTIONS FOR USE(,)(:)

It is a violation of the Federal law to use this product in a manner inconsistent with its labeling.

TO TEMPORARILY REDUCE AIRBORNE BACTERIA and eliminate odors [in the air around the toilet], close all doors, windows and air vents. For maximum effectiveness relative humidity should be between 45% and 70%. Resume normal room ventilation after spray has settled.

- To mount the Raid 1000 dispenser, first clean surface with isopropyl rubbing alcohol and let it dry. Second, peel paper from (3M™ Command™ or other appropriate trade name) adhesive and attach to a vertical surface. Press firmly for 30 seconds. Do not

8/10

use on delicate or vinyl wallpaper, or bare wood. Not recommended for use on plasterboard or painted drywall.

Note: Apply to surfaces above 50°F (10°C). Adhesive could lose adhesion above 105°F(40°C). Do not position under cabinets or wood surfaces. (For best results of eliminating bathroom odors, place in an easily accessible area around the toilet.)

2. Insert the Raid 1000 canister into the Raid 1000 dispenser, snap canister in place.
3. Push lower part of (dispenser) (lever) to release (the) Raid 1000 (for) X for a Y room.

Note to Reviewer: One value for X and one value for Y will be chosen for the final product label.

If the commercial product utilizes a 120 µl valve in a metered dose aerosol can, one of the following will be chosen:

| X | Y |
|---------------|-------------------|
| 1 time for a | 2½ x 2½ x 7' room |
| 2 times for a | 4' x 3' x 7' room |
| 3 times for a | 4½ x 4' x 7' room |
| 4 times for a | 5' x 5' x 7' room |

- 4. TO REMOVE the Raid 1000 dispenser, follow these instructions: First, remove the Raid 1000 canister from the dispenser. Second, with one hand, twist the dispenser left and right until adhesive is loosened. Third, pull dispenser off the wall.
- 5. Important: For maximum effectiveness and to kill odor-causing bacteria in the air, use only Raid 1000 canisters in this unit. SC Johnson, Inc. will not be responsible for damage, injury, or poor performance caused by any other canisters other than the Raid 1000 canisters. (Do not position near heat or electrical sources.) (Do not spray directly onto surfaces. In case of contact with surfaces, wipe immediately with damp cloth.)

Storage and Disposal Statements

STORAGE: Store away from heat, sparks and open flame, in an area inaccessible to children. DISPOSAL: This container may be recycled in the few but growing number of communities where aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, wrap the container and discard in trash.

**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS & DOMESTIC ANIMALS
 CAUTION:**

Avoid contact with food and food utensils. Avoid contact with eyes.

Before using product throughout your home, use in one room and wait 24 hours to ensure that no one has any physical reactions to the product.

Asthma and Allergy Sufferers:

Consult your physician before using this product in your home.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PHYSICAL/CHEMICAL HAZARDS: EXTREMELY FLAMMABLE! Keep away from fire, sparks and heated surfaces. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 120° F may cause bursting.
