Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Added two new ABNs and new label claims
Product Name: KBR 3023 All-Family Insect Repellent Aerosol Spray
Admin Number: 4822-537
EPA Receipt Date: 07/16/2026
Action Case Number: 00711287

Dear Joshua M. D. Hunnicutt:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

The alternate brand names: Ticks OFF! Tick Repellent 7, Ticks OFF Tick Repellent 7 have been added to the registration. Our records have been updated accordingly.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Robert Mitchell via email at mitchell.robert@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Robert D. Mitchell (for)". The script is elegant and cursive, with the word "for" in parentheses at the end.

Elizabeth Fertich, Product Manager 04

KEEP OUT OF REACH OF CHILDREN

CAUTION

[See additional precautions on back panel]

ACTIVE INGREDIENT:

Picaridin10%

OTHER INGREDIENTS:.....90%

NET CONTENTS: 1-12 oz. [28-340 g]

PRECAUTIONARY STATEMENTS[:]

Hazards to Humans – CAUTION: Causes moderate eye irritation. Avoid contact with eyes. May cause skin reactions in rare cases. Wash thoroughly with soap and water after handling.

{Note to reviewer: Boxed format or bullets may be used in First aid section if label space permits}

FIRST AID[:]

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Skin: If you or your child react to this product, wash treated skin and call a poison control center or doctor for treatment advice.

PHYSICAL & CHEMICAL HAZARDS[:]

Flammable: Contents under pressure. Do not use near heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120° F may cause bursting. Keep treated surfaces away from fire or flame until dry.

DIRECTIONS FOR USE[:]

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Read and follow all**

NOTIFICATION

4822-537

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

08/07/2026

directions and precautions on this product label.

Shake well before using. Hold container 6 to 8 inches from skin and spray with a slow sweeping motion. Do not apply over cuts, wounds, irritated or sunburned skin. Do not spray in enclosed areas. Use just enough repellent to cover exposed skin. Do not use under clothing. Avoid over-application of this product. [Reapply every 6 hours.] (or)

[Reapply when efficacy starts to wear off.] Frequent reapplication and saturation are unnecessary. Do not apply more than three times per day.

{Note to Reviewer: Option 1: When labeled with children under 11 months - For children (3/6)(-)11 months, do not apply more than one time per day. For children 1-10 years, do not apply more than two times per day.}

{Note to Reviewer: Option 2: When labeled with children 12 months and over - For children 1-10 years, do not apply more than two times per day.} Do not allow children to handle this product. After returning indoors, wash treated skin with soap and water. FOR MAXIMUM PROTECTION, spread evenly with hands to moisten all exposed skin.

TO APPLY TO FACE: Spray palm of hand first and then apply sparingly and avoid eyes. Do not spray directly onto face.

Do not apply near eyes and mouth. Apply sparingly around ears. Do not apply to children's hands. When using on children, apply to your own hands and then put it on the child.

(Will not damage fabrics, plastics, watch crystals, and painted or varnished surfaces.)

[(If using) (To use) with sunscreen, apply sunscreen first, allow it to dry then apply insect repellent.]

[See additional precautions on back panel]

STORAGE AND DISPOSAL[:]

PESTICIDE STORAGE: Store in a cool, dry place away from heat, sparks and open flame.

PESTICIDE DISPOSAL & CONTAINER HANDLING: Do not puncture or incinerate! **If empty:** This container may be recycled in the few but growing number of communities where aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 1-800-529-3394 for disposal instructions.
