OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Dr. Alex Hawkins, Jr.
Registration Specialist for,
S.C. Johnson & Son, Inc.
Racine, WI 53403

Subject: Combo
EPA Registration Number 4822-548
Your Amendment Dated May 11th, 2007
EPA Received Date May 14th, 2007

The amendment referred to above, submitted in connection with registration under the section 3(c)(7)(A) of the Federal Insecticide, Fungicide and Rodenticide Act, FIFRA, as amended, to add claims for Avian Influenza A (H3N2) virus on hard, non-porous surfaces, is acceptable.

The submitted efficacy data (MRID# 471277-01) support the use of the product, Combo 4, as a disinfectant with virucidal activity against Avian Influenza A (H3N2) virus on hard, non-porous surfaces in the presence of a 1% organic soil load for a contact time of 5 minutes. A recoverable virus titer of at least 10⁴ was achieved. Cytotoxic was not observed. Complete Inactivation (no growth) was indicated in all dilutions tested.

LABELING

The proposed label claims that the product, Combo, is an effective disinfectant against Avian Influenza A (H3N2) virus on pre-cleaned, hard, non-porous surfaces for a contact time of 5 minutes. These claims are acceptable as they are supported by the submitted data.

The proposed label claims that it is effective sanitizer on soft surfaces. Currently no method submitted has been approved by the Agency for this use, and no protocol has been approved in advance of this amendment of the enclosed data for testing these surfaces. Therefore, all references to "soft surfaces" and "soft surfaces sanitation claims" must be removed from the proposed label along with use directions on page 10 of the proposed label.

In the "Odor Elimination Claims" section on the label, revise any reference to bacteria to indicate odor-causing bacteria.

On page 3 of the proposed label, the terms, "Mildew and Moldy" in the odor list box must always be used in conjunction with the terms "odors" or "odors from". The product has not been shown to eliminate these organisms in the air.

On page 7 of the proposed label, change "Kills Avian Influenza A on pre cleaned environment surfaces" to read "Kills Avian Influenza A virus on pre-cleaned..."

On page 8 of the proposed label, delete the claim "Combo....helps to reduce the invisible threat posed by germs and virus on hard surfaces."

On page 8 of the proposed label, remove the parentheses from the claim "Starts killing in (30) seconds." The product has only been proven efficacious as a sanitizer at a 30 second time point, and not before.

On page 9 of the proposed label, delete the term "air" from the phrase "Works on: air." This product is not approved as an air sanitizer.

On page 9 of the proposed label, change "To temporarily reduce airborne bacteria" to read, "To temporarily reduce odor-causing airborne bacteria." This product is not approved as an air sanitizer.

In the disinfection and mold/mildew treatment directions for use on page 10 of the proposed label, indicate the distance at which the product is to be held away from the surface when applying. During testing, carriers were sprayed at a distance of 4-6 inches. This distance must appear on the label.

On page 8 the proposed label, identify what the symbol § indicates in the following claim: "Kills 99.9% of (household) germs (&) (and) viruses (on hard, non-porous surfaces)§."

On page 8 of the proposed label, change "Multi-surface" to read "Hard, non-porous surface."

On page 8 of the proposed label, remove or complete the statement "(To) Disinfect or sanitize:."

The label states to avoid contact of the product with clothing. On page 10 of the proposed label, include the following text under the First Aid statement: "If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison control center or doctor for treatment advice."

A stamped copy of the labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

If the above conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

You'll know (Combo is) (it's) working when your air smells truly clean.
 Combo (eliminates problem odors from) (works on tough odors such as) (is effective against
 tough odors from) (<insert use sites>) (<insert odors>) (<insert hard surfaces>)
 (<insert soft surfaces>) (sinks and drains) (suitcases) (and) (after fire).
 Suitable for use in home and small businesses (such as) (<insert use sites>).
 Use Combo every day throughout your (<insert use site>) to eliminate odor caused by bacteria.
 Use Combo every day throughout your (<insert use site>) (to eliminate odor caused by airborne
 bacteria) (and) to leave your (<insert use site>) smelling clean and fresh.
 Combo cleans the air you breathe.
 Formula binds to and chemically reacts with odor molecules (in mid-air) (in the air) to neutralize
 them and effectively make them odorless.

Makes your home a fresher place to be.

[Fragrance Name] has a (clean) (scent) (fragrance) (smell) (that doesn't linger) (that dissipates with the odors).

No overpowering (smell) (fragrance) (scent).

Eliminates odors with no lingering fragrance.

Leaves no lingering fragrance.

Leaves behind a clean smell that is not antiseptic.

Does not leave behind an antiseptic smell.

Leaves your home smelling as clean as it is.

(This product) Leaves no sticky residue (!)

Leaves a light pleasant fragrance (in your home) (in any room).

Leaves your air smelling clean and fresh.

No more trigger fatigue (!)

Odor Elimination Claims:

[One or more of the following odor elimination claims may appear on the final marketing label.]

(New) (Combo) (Eliminates) (Reduces) (Controls) (is) (Effective against) odors (caused by bacteria).

(New) (Combo) Eliminates (<insert odor descriptor>) (odors) (smells) (caused by bacteria).

Unlike air fresheners (that) (which) only mask odors (temporarily), (new) (Combo) eliminates (<insert odor descriptor>) (odors) (smells).

(New) Combo doesn't (just) mask odors (it eliminates them).

(New) Combo doesn't just (disguise) (mask) (cover up) (bad smells) (odors) (offensive odors).

Get odors out with (new) Combo (!)

Don't cover up odor problems...remove them with (new) Combo.

Clear the air with (new) Combo.

(New) (Combo) Eliminates odors at their source.

(New) (Combo) (Reduces) (Controls) odors at their source.

Eliminate bacterial odors at the source with Combo.

Unlike air fresheners, which only mask odors temporarily, (new) Combo eliminates (<insert odor descriptor>) (<insert odors>) odors.

(Eliminates) (Effective against) (<insert odor descriptor>) odors around (<insert odors>) (<insert hard surfaces>) () (<insert use sites>).

Eradicate(s) odors.

Do away with (odors) (bad smells).

Air out the air (with (new) Combo)

(Eliminates) (Reduces) (Controls) (Effective against) (<insert odors>) odors caused by (airborne) bacteria.

Combo (works to make) (makes) your home a fresher place to be.

Leaves your home (air) smelling (really) clean (and fresh) (and pleasant).

Makes your home (air) smell (really) clean (and fresh) (and pleasant).

(New) (Combo) Eliminates odors (caused by bacteria).

Odor Elimination (Eliminator)

Works (to eliminate odors).

Eliminate(s) (<insert odor descriptor>) (odors such as) (<insert odors>) (odors).

(New) (Combo) eliminates odors like you just opened a window.

(New) Combo (eliminates) (gets rid of) the (odors) (smells) (without just masking them) (... it doesn't just mask them).

Air so (clean) (pure) (fresh) (refreshed) you will (immediately -or- instantly) (notice -or- appreciate) the difference.

It takes more than fresh air to clean your (home) (air) of odors.

(Cleans -or- cleanses) your air of odors.

(Cleans -or- cleanses) the air you breathe.

Air so clean you can smell the freshness.

Leaves no odors behind.

(New) Combo has a fragrance that is not (strong) (overpowering) so you'll know Combo is working when your air smells truly clean.

Unlike air fresheners that only mask odors temporarily, Combo eliminates (<insert odor descriptor>) odors such as (<insert odors>) odors.

Specially formulated to kill odor-causing bacteria on hard and [redacted] in the air.

Airborne Antimicrobial Claims:

[One or more of the following claims may appear on the final marketing label.]

(New) Combo works to eliminate (odors) (smells) in the air by (killing -or- destroying -or- eliminating) odor-causing airborne bacteria.

Temporarily reduces odor-causing (airborne) bacteria (in the air) (and eliminates their odors).

(New) (Combo) (kills -or- eliminates -or- destroys -or- removes -or- reduces) odor-causing bacteria in the air (and eliminates -or- destroys -or- removes their odors).

(New) (Combo) (kills -or- eliminates -or- destroys -or- removes -or- reduces) odor-causing airborne bacteria (and eliminates their odors).

(New) (Combo) Stops odor-causing airborne bacteria in their tracks (!)

(New) (Combo) (kills -or- eliminates -or- destroys -or- removes) odor-causing bacteria in the air - unlike air fresheners, which only mask odors.

Keeps (on) (killing -or- removing -or- destroying -or- eliminating -or- reducing -or- controlling) odor-causing bacteria in the air.

Keeps odors away by (killing -or- destroying -or- removing -or- eliminating -or- reducing -or- controlling) odor-causing bacteria in the air.

(New) (Combo) (kills -or- destroys -or- removes -or- eliminates -or- reduces -or- controls) the odor-causing bacteria that cause (<insert odor descriptor>) odors (in the air).

Combo helps reduce the number of odor-causing airborne bacteria in any room (to leave your home smelling clean and fresh).

- (New) Combo works to eliminate (odors -or- smells) in the air by (killing -or- destroying -or- removing -or- eliminating) odor-causing bacteria.
- It takes more than fresh air to clean your (home) (air) of odor-causing (airborne) bacteria.
- (For those of you who don't want bad odors -or- smells in (your) (their) (<insert use sites>) (new) Combo reduces (airborne) odor-causing bacteria in any room with a light fragrance to leave your (<insert use sites>) smelling clean and fresh.
- Unlike air fresheners that only mask odors temporarily with fragrance, Combo eliminates (<insert odor descriptor>) (odors -or- smells), such as (<insert odors>) (odor).
- (New) Combo cleans (your) (the) air of odor-causing bacteria and (their) (smells -or- odors -or- smelly odors).
- (Combo) (kills -or- destroys -or- removes -or- eliminates) odor-causing bacteria and their (<insert odor descriptor>) odors (throughout your home) (from) (<insert odors>) (<insert use sites>) (<insert hard surfaces>).
- (Combo) (Eliminates problem odors from) (Works on tough odors from) (is) (Effective against tough odors from) (<insert odors>) (<insert use sites>) (<insert hard surfaces>) (<insert use sites>) (by killing -or- removing -or- destroying -or- eliminating the bacteria that cause them).
- (Combo) Eliminates odors by killing odor-causing bacteria in the air.
- (Combo) Eliminates odors in the air (by killing odor-causing bacteria) (by killing the bacteria that cause them).

Disinfection/Sanitization Claims:

[One or more of the following claims may appear on the final marketing label.]

[Note to Reviewer: The following symbols are used to relate claims and contact times to the appropriate microorganisms: for sanitization, bacteria are marked with an asterisk (*); fungi for fungistat claims are marked with two asterisks (**); for disinfectant/virucide/fungicide claims, bacteria are marked with a superscript dagger (†); viruses are marked with two superscript daggers (††); and fungi are marked with three superscript daggers (†††).]

- Hard surface disinfectant and odor eliminator.
- Sanitizes by killing 99.9 % of the bacteria* (on hard, non-porous surfaces).
- Disinfects hard (non-porous) surfaces by killing (greater than) (more than) 99.9% of germs.
- Disinfects by killing germs on hard, non-porous surfaces.
- (Controls -or- Prevents -or- Inhibits -or- Effective against) mold** and mildew on hard, non-porous surfaces.
- Disinfectant kills (odor-causing bacteria) (bacteria that cause odors) on hard, non-porous surfaces.
- (Kills) (Eliminates) (Destroys) (Removes) (Reduces) (Controls) (Effective against) (most) (household) germs
- (Kills) (Eliminates) (Destroys) (Removes) (Reduces) (Controls) (Effective against) (more than) (greater than) 99.9% of (household) (germs) (bacteria[†]) (viruses^{††}) (and) (fungi^{†††}) (on hard, non-porous surfaces).
- Kills 99.9% of (household) germs[†] (&) (and) (viruses^{††}) (on hard, nonporous surfaces).
- Kills (mold** and mildew) (viruses^{††} and bacteria[†]) (on hard, non-porous surfaces).
- Leaves surfaces sanitary.
- (disinfectant) (sanitizer).

10 8 14

(Sanitizer:) Kills *Staphylococcus aureus* (ATCC 6538) and *Klebsiella pneumoniae* (ATCC 4352) on hard, non-porous surfaces in 30 seconds.

Sanitizes hard, non-porous surfaces in 30 seconds*.

This product will effectively inhibit the growth of mildew** and its odor when applied to hard, non-porous surfaces.

Disinfects and deodorizes by killing common (household) germs and controlling their odors.

(Eliminates -or- Controls -or- Kills -or- Effective against) odors caused by (bacteria) (germs) (mildew).

[Fragrance name] has a clean (scent) (fragrance) (smell).

Controls kitchen and/or bathroom odors caused by bacteria or mildew.

Controls pet odors caused by bacteria.

Controls odors caused by mold and mildew.

(Combo) Prevents odors at their source caused by (germs) (bacteria) (mildew).

(Combo) Kills the bacteria that cause (bad) odors on hard, non-porous surfaces.

(Combo) Deodorizes by killing the bacteria that cause odors.

Kills *Trichophyton mentagrophytes* (ATCC 9533), the causative agent of athlete's foot.

Kills the fungus that causes athlete's foot.†††

Kills Influenza A, a causative agent of (flu) (influenza).

Kills the virus that causes (flu) (influenza).

(Kills) (Effective against) viruses that cause (the common cold) (colds and flu) (flu) (colds).

(Kills) (Effective against) common (cold and flu) (flu) (cold) viruses.

(Kills) (Effective against) (Controls) cold and flu viruses.

Helps protect your family (from germs) (by killing germs) (during cold and flu season).

(This product) meets AOAC Germicidal Spray Product Test standards for hospital aerosol disinfectants.

Approved for (hospital use) (use in) (<insert use site>).

(This product) (Controls) (Aids in the reduction of) (Helps reduce) cross-contamination of many harmful germs from treated surfaces.

For (use on) surfaces where germs are a concern.

Kill(s) many of the germs you come into contact with every day.

Kill(s) many of the germs you encounter every day.

Formulated for use in homes and/or hospitals.

Your partner in the fight against germs.

Use (Combo) (in) (on) (around) (<insert use site>).

Kills Avian Influenza A on pre-cleaned environmental surfaces.

Eliminates odors by killing 99.9% of odor-causing bacteria at their source (where they reside and build up)

Kills 99.9% of bacteria* (on hard, non-porous surfaces).

Kills 99.9% of bacteria* on hard, non-porous surfaces in 30 seconds.

Kills 99.9% of (household) germs (&) (and) viruses (on hard, non-porous surfaces)[§]

[REDACTED] (sanitizer) (sanitizer and hard surface disinfectant)

(Combo)(s) (triple action formula) (multi-action formula) (patented formula) kills odor-causing bacteria in the air and (greater than) 99.9% of germs on hard surfaces.

Kills on surfaces:

5-Minute Disinfectant / Virucide / Fungicide:

[§]Disinfects hard, non-porous surfaces by killing:

Bacteria:
[†]*Staphylococcus aureus* (Staph) (ATCC 6538), *Salmonella enterica* (Salmonella) (ATCC 10708), *Listeria monocytogenes* (Listeria) (ATCC 35152), *Enterococcus faecalis* (ATCC 29212), *Escherichia coli* (E. coli) (ATCC 11229), *Enterobacter aerogenes* (ATCC 13048), *Campylobacter jejuni* (ATCC 29428), *Pseudomonas aeruginosa* (ATCC 15442)

Virucide:
^{††}Rotavirus (the leading cause of infectious diarrhea in children), Respiratory Syncytial Virus (RSV) (ATCC VR-26) (the leading cause of lower respiratory infection in children and/or an important cause of ear infections in children), Influenza A (flu) (ATCC VR-544), Herpes Simplex Virus Type 1 (ATCC VR-733), Herpes Simplex Virus Type 2 (ATCC VR-734), Human Coronavirus (ATCC VR-740), Parainfluenza A Virus Type 3 (ATCC VR-93), Avian Influenza A (ATCC VR-2072)

Fungicide:
^{†††}*Trichophyton mentagrophytes* (ATCC 9533) (the fungus that causes athlete's foot)

30-Second Hard Surface Sanitizer:

**Staphylococcus aureus* (Staph) (ATCC 6538), *Klebsiella pneumoniae* (ATCC 4352)

Fungistatic – Prevents, Inhibits, Controls:

***Aspergillus niger* (ATCC 6275) (mold and mildew)

Works on:  <insert use surfaces>.

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE EACH USE.

Pre-clean hard, non-porous and  (before using) (this product) (Combo). Wherever food contact is likely, rinse surface with (clean) (potable) (tap) water after using (this product) (Combo).

TO TEMPORARILY REDUCE AIRBORNE BACTERIA and eliminate odors in an average room (12' x 12' x 9'), close all doors, windows and air vents and spray product upward in center of room for 10 seconds. For maximum effectiveness, relative humidity should be between 45% and 70%. Resume normal room ventilation after spray has settled.

TO DISINFECT (AND KILL) (BACTERIA[†]) (VIRUSES^{††}) (FUNGI^{†††}) (AND) (OR) (GERMS) (ON) HARD, NON-POROUS SURFACES: Spray pre-cleaned surface until wet. Allow product to remain on surface for 5 minutes. (Then wipe) (if desired).

TO SANITIZE* HARD, NON-POROUS SURFACES: Spray pre-cleaned surface until wet. Allow product to remain on surface for 30 seconds. (Then wipe) (if desired).

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

4822-548

TO (CONTROL) (INHIBIT) (AND) (OR) (PREVENT) THE GROWTH OF MOLD** AND MILDEW (AND THEIR ODORS): Spray pre-cleaned surface until (wet) (misted). Let the treated surface air dry. Re-apply (as necessary) (as desired).

Do not use on polished wood, painted surfaces, lacquered metals, rayon fabrics or acrylic plastics.

DO NOT SPRAY ON PETS.

Storage and Disposal

STORAGE: Store away from heat, sparks and open flame in an area inaccessible to children.
DISPOSAL: This container may be recycled in the few but growing number of communities where aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, wrap the container and discard in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Avoid contact with food and food utensils.

Before using product throughout your home, use in one room and wait 24 hours to ensure that no one has any physical reactions to the product.

Asthma and Allergy Sufferers:

Consult your physician before using this product in your home.

Before spraying remove birds. After use, ventilate normally prior to returning birds to treated area.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

ATTENTION: Use only as directed. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal. Help stop inhalation abuse. For information visit www.inhalant.org.

PHYSICAL/CHEMICAL HAZARDS: EXTREMELY FLAMMABLE. Keep away from fire, sparks and heated surfaces. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 120° F may cause bursting.
