Application Date: July 21, 2006  
Receipt Date: July 24, 2006

Dear Dr. Hawkins,

This acknowledges receipt of your notification, submitted under the provision of PR Notice 98-10, FIFRA section 3(c)9.

**Proposed Notification**

- Changing 'granite' to 'sealed granite' on the list of acceptable surfaces.
- Addition of clarifying language in the rinsing directions.

**General Comments**

Based on a review of the material submitted, the following comments apply:

The notification application is acceptable and a copy has been inserted in your file for future reference.

**Subject: Phab (EPA Reg. No. 4822-549)  
Notification of Minor Label Changes**

This notification is to advise the Agency of two minor label changes we wish to make for Phab (EPA Reg. No. 4822-549). Enclosed is one copy of the currently approved label with the proposed additions highlighted on pages 8 and 10. We may wish to qualify granite surfaces by saying "sealed granite" so I have added "sealed" in parentheses on page 8.

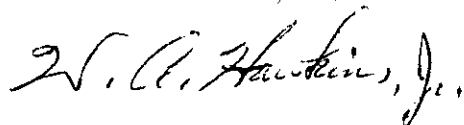

The efficacy reviewer for the California Department of Pesticide Regulation is requiring the label change on page 10 before they will register Phab, which will be marketed under the alternate brand name Windex Antibacterial. In the directions for use section, our EPA approved label says, "Wherever food contact is likely, rinse surface with (clean) (tap) (potable) water after cleaning." The California reviewer has taken the position that since the label provides separate directions for cleaning, sanitizing and disinfecting, the language about rinsing with water might be interpreted to mean that rinsing is only required after cleaning and not after sanitizing or disinfecting. They want us to change the rinsing instructions to read, "Wherever food contact is likely, rinse surface with (clean) (tap) (potable) water after cleaning, sanitizing and/or disinfecting." Since we are adding clarifying language that is more protective of the user, we believe this change qualifies as a notification.

Since this is a notification and there are no data to review, no PRIA fee is required.

If you have any questions or need additional information, please contact me at (262) 260-0619 or by e-mail at [wahawkin@scj.com](mailto:wahawkin@scj.com).

Sincerely,

S. C. Johnson & Son, Inc.
