AND TOXIC SUBSTANCES

June 25, 2009

Ms. Jean M. Fugate,
Registration Specialist II
S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403-2236

**Subject: Final Amended Reregistration Label
Family DEET Wipe Insect Repellent, EPA Reg. No. 4822-552
Your E-Mail Resubmission Dated June 16, 2009**

Dear Ms. Fugate:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable.

Current labels on DEET repellent products tend to dissolve from contact with the repellent (usually liquids). All reregistered DEET product labels must use materials that remain permanent and readable for the reasonable life of the product.

The Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

A copy of your label stamped "Accepted" is enclosed for your records. If you have any questions about this label review, please contact Mr. Carmen J. Rodia, Jr. at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "Richard J. Gebken".

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7505P)

Enclosure: Label stamped "Accepted"

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS - CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Use of this product may cause skin reactions in rare cases. Wash treated clothing

before wearing it again. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

[Note to reviewer: Boxed format or bullets may be used in First aid section if label space permits]

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If you suspect a reaction to this product, discontinue use, wash treated skin, and call your local poison control center.

PHYSICAL & CHEMICAL HAZARDS: FLAMMABLE. Do not use near heat or open flames. Keep treated surfaces away from fire, sparks, or flame until dry.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Read and follow all directions and precautions on this product label.**

Open package, remove and unfold towelette. Moisten all exposed skin evenly and completely. Some may need more than one towelette for adequate coverage. Do not apply over cuts, wounds, irritated or sunburned skin. Do not apply near eyes and mouth. Apply sparingly around ears. Use just enough repellent to cover exposed skin. Avoid over-application of this product. Frequent reapplication is unnecessary. Do not allow children to handle this product. Do not apply to children's hands. After returning indoors, wash treated skin with soap and water. Do not use under clothing. Will not damage cotton, wool or nylon. **DO NOT APPLY ON OR NEAR:** acetate, rayon, spandex, or other synthetics (other than nylon), furniture, plastics, leather, watch crystals and painted or varnished surfaces including automobiles.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or flame in an area inaccessible to children.

[The following is for individually-wrapped towelettes]

DISPOSAL: Before disposing, empty package by using the product according to the label. Do not reuse towelette or wrapper. Place used towelette and wrapper in trash.

[The following is for outer containers containing individually-wrapped towelettes]

DISPOSAL: Before disposing, empty package using the product according to the label. Do not reuse towelette or wrapper. Place used towelette and wrapper in trash. Place outer container in trash or offer for recycling if available.

[The following is for outer containers containing towelettes that are not individually-wrapped]

5/5

DISPOSAL: Nonrefillable container. Before disposing, empty package using the product according to the label. Do not reuse or refill outer container. Do not reuse towelette. Place used towelette in trash. For unused towelettes: Call your local solid waste agency or 1-800-529-3394 for disposal instructions. Place outer container in trash or offer for recycling if available.
