Agent for S.C. Johnson and Son, Inc.
Lewis & Harrison
122 C Street, N.W., Suite 740
Washington, DC 20001

AUG - 2 2010

Dear Mr. Lewis,

Subject: Fast Track Label Amendment
H6A-US
EPA Reg. No. 4822-569
Submission dated June 15, 2010

The label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, is acceptable.

A stamped copy of the label is enclosed for your records. If you have any questions, please contact Kevin Sweeney at (703) 305-5063.

Sincerely,

Richard Gebken
Product Manager 10
Insecticide Branch
Registration Division (7505P)

Enclosure

<Label 4822-569 to EPA per comments in Notice of Registration dated 4-22-2010 except sodium nitrite comment (2b) and addition of appropriate language for containing petroleum distillate >10%.>

S. C. JOHNSON (A Family Company)

H6A-US (Master Name)

ACTIVE INGREDIENTS:

d-Phenothrin	0.125%
Prallethrin	0.100%
OTHER INGREDIENTS:	99.775%

This product contains sodium nitrite
Contains petroleum distillates

KEEP OUT OF REACH OF CHILDREN
CAUTION: See additional precautionary statements on back.

NET WT. 4 - 20 OZ. (113g- 567g)

Claims for front / back panels:

- Low Odor
- No Lingering Odor
- No Lasting Odor
- Leaves No Odor
- New (Outdoor) (Mountain) (Country) (Spring) Fresh Scent [Note: "New" to be used only for the first 6 months on the market]
- Clean, Pleasant Odor
- Kills Flies and (&) Mosquitoes(!)
- Kills Mosquitoes that may carry (transmit) West Nile Virus
- Kills Mosquitoes that may carry (transmit) Dengue (Hemorrhagic) (fever) [Note: For use on market labels specific to Puerto Rico, US Virgin Islands and similar US territories/possessions]
- KILLS BUGS DEAD(!)®**
- (Raid) Kills Bugs (Fast)
- Fast Knockdown
- Multi-Bug Killer
- Kills Bugs Indoors & Outdoors
- Indoor(s) · outdoor(s)
- Kills most common household insects
- Kills: Ants, Spiders (except black widow and brown recluse spiders), Roaches, Fleas, Flies, Mosquitoes, Carpet Beetles, Crickets, Non-biting (fungus) Gnats, Hornets, Moths (Small Flying), Silverfish, Sow Bugs, Pillbugs, Firebrats, Fruit Flies, Boxelder Bugs, Bedbugs, Wasps, Waterbugs in and around the home.
- (Kills Instantly) (Instant) (Kill) (Action) (on) (against): Ants, Asian Lady Beetles, Crickets, Flies, Mosquitoes, Moths, and Silverfish
- Multi-Bug Killer
- Effective against roaches, ants, flies and mosquitoes
- Its formula is specially designed to kill crawling and flying insects. Feel confident to use it indoors or outdoors, around carpets, draperies and no-wax floors.

Water Based
No Oily Film

(For) Use (Both) Indoors and Outdoors

For Use Throughout the House (Home) Including Kitchens, Bathroom, Bedrooms, Laundry Rooms and Basements

For Use In Kitchens

For Use On Decks, Patios, In Sun Rooms and Garages (and Around Garbage Cans and Compost Piles)

For Use In: Kitchens, Bathrooms, Garages, Around Garbage Cans, Non-Food Areas of Restaurants and Other Food Handling Establishments

For Commercial and Industrial Use

For Use In or Around: Homes, Horse Barns, Hotels, Industrial Installations, Motels, Office Buildings, Railroad Cars, Non-Food Areas of Restaurants, Schools, Truck Trailers, Warehouses

For Use In Yards, Picnic and Camping Areas

Kills (by contact)

Kills Fast

Kills Flies

Kills Aedes (and/or) Anopheles Mosquitoes

Kills Culex Mosquitoes

Kills Tiger Mosquitoes

Kills Mosquitoes

{The following claims must have residual use directions on label:

Provides residual control (Around Doors and Windows) on mosquitoes (and flies)

Provides residual control (Around Doors and Windows) on flies (and mosquitoes)}

Guaranteed to Work or Money Back [Note: For use only with guarantee statement on the back label]

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible. Remove pets, birds and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use. Cover exposed food and remove utensils in serving areas.

(B) Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. For use in non-food areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas. Not for use in federally inspected meat and poultry plants.

[Statement (B) will be used on the product label only if a claim for use in commercial food handling establishments and restaurants is used.]

Do not apply to classrooms when in use. [Note: To be used on the product label only if a claim for use in schools is used.]

TO KILL FLYING INSECTS:

INDOORS:

FLIES, MOSQUITOES, SMALL FLYING MOTHS, NON-BITING (FUNGUS) GNATS, FRUITFLIES:

[1] (With RAID H6A) there is no need to spray directly at flying insects - the mist in the air will kill them. Close all doors and windows. Spray RAID up into the air with a sweeping motion, keeping about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics and furniture, until the room is thoroughly misted. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate room thoroughly before re-entry.

[2] (With RAID H6A) there is no need to spray directly at flying insects - the mist in the air will kill them. Close all doors and windows. For the average size room (1000 cubic feet) (30 cubic meters) spray in a slow sweeping motion for 8 to 10 seconds starting from the middle of the room and backing toward the door, directing the spray to all areas of the room. Keep spray about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics and furniture. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate room thoroughly before re-entry.

4822-569/ H6A-US/ MEG/ 2 of 5 pgs/ 6-10-2010; label per comments in Notice of Registration dated 4-22-2010 except sodium nitrite comment (2b) and addition of appropriate language for containing petroleum distillate >10%

[either [1] or [2] will be on the product label, not both]

For fast knockdown, spray directly at insects, keeping about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics, and furniture.

FOR RESIDUAL CONTROL OF MOSQUITOES DURING THE NIGHT: treat the room at the rate of 8-10 seconds of spray per (1000 cubic feet) (30 cubic meters). Close doors and windows, spray in a slight upward direction covering all areas of the room, staying about 3 feet (36" (inches)) (1 meter) from walls, fabrics and furniture. After spraying, close the door as you leave the room. Keep doors and windows closed for about 15 minutes before re-entering. Doors and windows may then be reopened.

In kitchens, be sure to treat areas that may attract these insects such as around windows, sinks and garbage cans. Cover or remove exposed food, utensils and food handling equipment.

For residual control of insects, spray screens and around doors and windows where insects enter the house from a distance of about 18" (inches) (1/2 meter). Also, spray screens and doorways on patios. It is recommended to check for potential staining and damage in an inconspicuous place before complete treatment.

WASPS, HORNETS, YELLOW JACKETS and ASIAN LADY BEETLES: Spray directly at stray insects that enter building.

OUTDOORS:

FLIES, MOSQUITOES, SMALL FLYING MOTHS, ASIAN LADY BEETLES, NON-BITING (FUNGUS) GNATS, FRUITFLIES, BOXELDER BUGS:

To reduce annoyance of these insects, spray area when air is calm for best results. If a slight breeze is blowing, spray with the wind, allowing the spray to drift over the area to be treated staying at least 3 feet (36" (inches)) (1 meter) from plants and bushes. Allow a couple of minutes for product to take effect. Give special attention to breeding areas such as garbage cans and compost piles. Treat these areas from a distance of about 18" (inches) (1/2 meter) when possible. When spraying in garages be careful that spray does not contact painted surfaces of vehicles.

TO KILL CRAWLING INSECTS:

INDOORS:

FLEAS: Spray floors, floor coverings and sleeping quarters of pets. This product is not intended for direct application to animals.

ROACHES, WATERBUGS, SILVERFISH, FIREBRATS, CRICKETS: Spray hiding places such as baseboards and floor boards, moist places, cabinets and other storage areas, behind bookcases, and openings around sinks, drains and pipes, hitting as many insects as possible from a distance of about 18" (inches) (1/2 meter). In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves or water heaters, make sure pilot light is first turned off.

ANTS: Spray trails, hills, around doors, openings around pipes, window frames, and baseboards where ants crawl, hitting as many as possible from a distance of about 18" (inches) (1/2 meter). In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves, make sure pilot light is first turned off.

SPIDERS, SOWBUGS, PILLBUGS: Spray webs and places where these pests crawl from a distance of about 18" (inches) (1/2 meter). These insects tend to hide in dark moist areas. Hit as many as possible.

CARPET BEETLES: Hit these bugs directly with spray on sections of floor, baseboards, shelves and undersides of carpets from a distance of about 18" (inches) (1/2 meter).

BEDBUGS: DO NOT APPLY THIS PRODUCT TO MATTRESSES OR BEDDING. Disassemble bed frame and treat all surfaces. Allow to dry completely before reassembling bed. Treat around beds, on and under rugs near bed, and cracks and crevices along baseboards near bed.

OUTDOORS:

FLEAS: Spray kennels, doghouses and places where animals rest, including porches and mats by doors. This product is not intended for direct application to animals.

CRICKETS, SOWBUGS, PILLBUGS: Spray around doors, foundations and damp moist places where these insects hide, hitting as many as possible from a distance of about 18" (inches) (½ meter).

ANTS: Spray trails, hills, around doors, openings around pipes, and window frames where ants enter and crawl, hitting as many as possible from a distance of about 18" (inches) (½ meter).

SPIDERS: Spray webs and places where these pests crawl. Hit as many as possible.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage and disposal. [for commercial/industrial labels only]

STORAGE: Store in a cool, dry place away from heat or open flame.

DISPOSAL:

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label.

If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

[For Reviewer: The Steel graphics symbol will be used if label space allows it.]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID:

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

ENVIRONMENTAL HAZARDS:

This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS:

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

Money Back Guarantee. If you are not satisfied with this product, SC Johnson will refund the purchase price within one year after the date of purchase reflected on an original receipt. Offer limited to 1 refund per household. For more details, contact us at the phone or address below.

CONTAINS NO CFCs OR OTHER OZONE DEPLETING SUBSTANCES. FEDERAL REGULATIONS PROHIBIT CFC PROPELLANTS IN AEROSOLS. (w/graphic)
