Subject: Label Amendment - Registration Review Mitigation for cyfluthrin and prallethrin
Product Name: KJM Y&D
EPA Registration Number: 4822-573
Application Dates: February 17, 2021
Decision Numbers: 571413, 594669

Dear Heather Klamer:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the cyfluthrin and prallethrin Interim Decisions, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously

approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Concepción Rodríguez by phone at 202-530-0820 or via email at concepcion.rodriguez@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to be "Linda Arrington", with a long horizontal flourish extending to the right.

Linda Arrington, Branch Chief
Risk Management and Implementation Branch 4
Pesticide Re-Evaluation Division
Office of Pesticide Programs

Not intended for body application or indoor use

NET WT. 4 OZ. to 27 OZ. (113g to 765g)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
SHAKE BEFORE USING

All outdoor spray applications must be limited to spot treatments only, except for the following permitted uses:
1. Application to pervious surfaces such as soil, lawn, turf, and other vegetation; 2. Perimeter band treatments of 7 feet wide or less from the base of a man-made structure to pervious surfaces (e.g., soil, mulch, or lawn); 3. Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure; 4. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level; 5. Applications to vertical surfaces directly above pervious surfaces, such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.

Spot treatments must not exceed two square feet in size (for example, 2 ft. by 1 ft. or 4 ft. by 0.5 ft.).

For soil or foliar applications, do not apply by ground within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.

Do not spray the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot treatment. Do not apply or irrigate after application to the point of runoff.

Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

Do not apply when the wind speed is greater than 15 mph.

Do not apply directly to food or to food serving or food preparation surfaces. Do not apply to pets or to your skin or clothing. Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray indoors.

For flying insects: Flies, mosquitoes, non-biting gnats, small flying moths, wasps and multi-colored asian lady beetles.

(When treating tents (or tarps),) (test in an inconspicuous area to verify (check)(confirm) that product does not stain.)

(Rotate (nozzle) to unlock (actuator) (cap).)

Hold can on a slight downward angle.

Point nozzle away from face, other people and animals.

(Allow spray to drift over area and settle.)

(From x to y inches (feet) away, spray (articles) (surface(s))(tarp) (and)(or) (tent) (entryway) (entry) (entry and exit) (of tent) (ground) (and) (vegetation) (in the area) (including plant leaves and foliage,) (furniture (except seating and table top surfaces,)) (outdoor screening, deck railings, campers and other surfaces that pests may contact or rest upon.))

(Allow spray to drift over area and settle.)

For best results, spray when air is calm. (IF BREEZY, spray with the wind. IF NOT BREEZY, spray out from center of area being treated.) (Give special attention to breeding areas such as garbage cans and compost piles.) (DO NOT SPRAY DIRECTLY ON SKIN.) (Some residue may appear on surface and can be washed off with water.)

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place away from heat, sparks and open flame.

DISPOSAL:

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency or 800-529-3394 for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

[Information in brackets is notes to Reviewer]
(Information in parentheses is optional language)

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.
