Racine, WI 53403

Subject: PRIA Label and CSF Amendment – Added Alternate CSF #5, updated label
Product Name: Petrie
EPA Registration Number: 4822-576
Received Date: 03/9/2021
Action Case Number/Decision Number: 00294290

Dear Ms. Baska:

The amended label and CSF referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 7/28/10
- Alternate CSFs 1-3 dated 7/28/10
- Alternate CSF 4 dated 11/5/12
- Alternate CSF 5 dated 04/22/21

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition,

regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, you may contact name at Oiguenblik.Emilia@epa.gov or Heffernan.Aline@epa.gov.

Sincerely,

Aline Heffernan

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
SHAKE WELL BEFORE USING.

GENERAL (HOUSEHOLD) (KITCHEN) (BATHROOM) (LIVING ROOM) (FAMILY ROOM) (BEDROOM) (FLOOR) CLEANING (TO CLEAN):

- (1.) (Turn cap TWO CLICKS counterclockwise to unlock.
- (2.) To spray, press down on textured indentation on the back side of cap.)
- (3.) Hold can upright and spray about eight inches from surface. (See picture at (right) left.)
- (4.) Wipe with soft clean cloth for best results.
- (5.) If using on electronic equipment, spray product directly onto cloth then dust as usual.

†TO SANITIZE (AND DEODORIZE) HARD, NON-POROUS NON-FOOD CONTACT SURFACES: Spray from a distance of 6-8 inches until thoroughly wet. Let stand visibly wet (for 60 seconds) (for 1 minute). Then wipe. For heavily soiled areas or surfaces, a precleaning is required.

††TO INHIBIT MOLD AND MILDEW ON HARD, NON-POROUS SURFACES: Preclean first. Spray until thoroughly wet. Allow surface to remain visibly wet for 7 minutes. Then wipe. Reapply at weekly intervals.

*Not for use on food contact surfaces.

Note: Unplug electrical appliances before using.

Not suitable for unsealed wood, marble or granite (surfaces).

Spot test all other surfaces in an inconspicuous area.

STORAGE AND DISPOSAL

[Residential]

STORAGE: Store in a cool, dry place away from heat or flame.

DISPOSAL: This container may be recycled (in the few but) (growing number of communities) where aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT INCINERATE OR PUNCTURE.) If recycling is not available, discard empty container in trash.

[Commercial, Industrial, Institutional]

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in original container in areas inaccessible to children or persons unfamiliar with its use.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Disposal: Nonrefillable container. Do not reuse container. Offer for recycling or reconditioning, if available. If not, discard in the trash.

PHYSICAL OR CHEMICAL HAZARDS: CONTENTS UNDER PRESSURE. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54 °C) may cause bursting.

(Keep out of reach of children)
