1/9

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505C)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

4822-578

Date of Issuance:

APR 19 2011

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

H7A-US

Name and Address of Registrant (include ZIP Code):

S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403-2236

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with section 3(c)(7)(A) of FIFRA provided that you:

1. Submit and/or cite all data required for registration of your product under section 3(c)(5) of FIFRA when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under section 4 of FIFRA.

(continued on page #2)

Signature of Approving Official:

Refer to Page #4.

Richard J. Gebken, Product Manager (10)
Insecticide Branch, Registration Division (7505P)

Date:

APR 19 2011

2. Make the following change to the label:

- a. Change the product registration number to "EPA Reg. No. 4822-578"
- b. Make the following label revisions:

General Statement:

- 1. Delete all text throughout the label marked with "~~strikethrough~~."

Ingredient Statement comment(s):

- 2. To facilitate inclusion of required language per Chapter 5, Section VII.C of the Agency's Label Review Manual, revise the statement "Contains sodium nitrite," to read "This product contains sodium nitrite."
- 3. Per the product chemistry review completed for this product, the subject label should be revised to include the cis/trans ratio of d-allethrin just below the ingredient statement.

Optional Marketing Claims section comment(s):

- 4. Revise the 20th optional marketing claim to read "Kills listed household insects"
- 5. Revise the 22nd optional marketing claim to read "Kills Listed Bugs Indoors & Outdoors"
- 6. Revise the 24th optional marketing claim to read "Fast Knockdown on House Flies"
- 7. Revise the 29th optional marketing claim to read "Kitchen Spray Kills Listed Flying and Crawling Insects"
- 8. Within the 35th optional marketing claim, revise "Ants" to read "Ants (except fire, harvester, and pharaoh's ants)" and revise "Flies" to read "House Flies."
- 9. Within the 36th optional marketing claim, "Flies" to read "House Flies."
- 10. Revise the 40th optional marketing claim to read "Its formula is specially designed to kill crawling and flying insects, as listed."

Directions for Use section comment(s):

- 11. To facilitate inclusion of required label language from the REDs for tetramethrin, d-phenothrin and allethrin, you must replace all language marked with "~~strikethrough~~" at the bottom of page 2 of 5 and at the top of page 3 of 5, and replace it with the following new subsection that should be placed immediately following the statement "It is a violation of Federal law ...":

USE RESTRICTIONS
<ul style="list-style-type: none"> • Apply this product only as specified on this label. • Do not contaminate of food or feedstuffs. • Do not apply this product directly to mattresses or bedding. • Do not use in Federally-inspected meat and poultry processing plants. • Do not apply this product directly to domestic (companion) animals. • Do not water the treated area to the point of run-off. Do not make applications during rain. • Do not allow adults, children, or pets to enter the treated area until sprays have dried. • Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Only protected handlers may be in the treated area during application. • For indoor food handling/processing facilities: Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. • Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. For use in non-food areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage areas. • Do not apply to classrooms when in use. • Do not apply directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur, except as directed by this label. • Remove pets, birds and cover fish aquariums and ornamental fish ponds before application, and turn aquarium systems off.

Directions for Use, TO KILL FLYING INSECTS (INDOORS) subsection comment(s):

- 12. Revise the 5th and 6th sentences within the statement at the top of page 3 of 5 starting with “[1] (With H7A-US) there is no need to ...” to read “Keep treated room closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry.”
- 13. Revise the 6th and 7th sentences within the statement at the top of page 3 of 5 starting with “[2] (With H7A-US) there is no need to ...” to read “Keep treated room closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry.”
- 14. Revise the beginning of the statement at the middle of page 3 of 5 starting with “For residual control of insects, ...” to read “For residual control of listed insects, ...”
- 15. Revise the 4th sentence within the statement at the middle of page 3 of 5 starting with “For residual control of mosquitoes ...” to read “Keep doors and windows closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry.”

Directions for Use, TO KILL CRAWLING INSECTS (INDOORS) subsection comment(s):

- 16. Revise the 2nd sentence within the statement at the bottom of page 3 of 5 starting with “FLEAS:” to read “This product is not intended for direct application to domestic (companion) animals,”
- 17. Revise the beginning of the statement at the top of page 4 of 5 starting with “ANTS:” to read “ANTS (except fire, harvester, and pharaoh’s ants):”
- 18. Revise the beginning of the statement at the top of page 4 of 5 starting with “SPIDERS, CENTIPEDES, MILLIPEDES, SOWBUGS, PILLBUGS:” to read “SPIDERS (except black widow and brown recluse spiders), MILLIPEDES, SOWBUGS, PILLBUGS:”

Storage and Disposal Statement section [Homeowner Label] comment(s):

- 19. Revise the subsection title “STORAGE:” to read “PESTICIDE STORAGE:”
- 20. To facilitate inclusion of language from PR Notice 2007-4, revise the subsection title “DISPOSAL:” to read “CONTAINER DISPOSAL:”

Storage and Disposal Statement section [Commercial and Industrial Label] comment(s):

- 21. Revise the subsection title “STORAGE:” to read “PESTICIDE STORAGE:”
- 22. To facilitate inclusion of language from PR Notice 2007-4, revise the subsection title “DISPOSAL:” to read “CONTAINER DISPOSAL:”

Precautionary Statements, Hazards to Humans and Domestic Animals section comment(s):

- 23. To facilitate inclusion of language from the acute toxicity review completed for this product, revise this section to read “CAUTION: Contains Sodium Nitrite. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.”

HOT LINE NUMBER subsection comment(s):

- 24. Insert the following new “HOT LINE NUMBER:” subsection, within a solid text box to increase its prominence, immediately following the “PHYSICAL OR CHEMICAL HAZARDS:” subsection as follows:

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For more information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-xxx-xxxx, twenty-four (24) hours per day, seven (7) days per week.” ¹

- 3. Submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

¹ Please note that the “1-800-xxx-xxxx” must be substituted with a valid phone number that is available twenty-four (24) hours per day, seven (7) days per week for answering and responding to any medical emergencies or health concerns.

Should S.C. Johnson & Son, Inc. wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, S.C. Johnson & Son, Inc. may refer consumers to the company's phone number or e-mail address.

A copy of your label stamped "Accepted with Comments" is enclosed for your records along with hard copies of the acute toxicity, product chemistry and efficacy reviews completed for this product. If you have any questions about this labeling review, please contact Mr. Carmen J. Rodia, Jr. at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely yours,

Richard J. Gebken,
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

Kills Culex Mosquitoes (around) (screen) (doors and windows) (for) (up to) (a) (one) (1) week
Kills Mosquitoes (around) (screen) (doors and windows) (for) (up to 7) days (a) (one) week
Kills Mosquitoes (around) (screen) (doors and windows) That May Carry (transmit) West Nile Virus (for) (up to 7) days
(a) (one) (1) week
(Advanced) Dual Action (2 in 1) (around) (screen) (doors and windows)}

Guaranteed to Work or Money Back [Note: For use only with guarantee statement on back label]

~~DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off. Exposed food should be covered or removed. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use.
Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible.
Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Do not apply when food is present. Do not apply directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur, except as directed by this label. Do not allow adults, children, or pets to enter the treated area until sprays have dried.~~

~~(B) Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. For use in non-food areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas. Not for use in federally inspected meat and poultry plants.~~

~~(Statement (B) will be used on the product label only if a claim for use in commercial food handling establishments and restaurants.)~~

7

9

~~Do not apply to classrooms when in use. (Note: To be used on the product label only if a claim for use in schools is used.)~~

TO KILL FLYING INSECTS:

INDOORS:

FLIES, MOSQUITOES, SMALL FLYING MOTHS, NON-BITING (FUNGUS) GNATS, FRUITFLIES:

[1] (With H7A-US) there is no need to spray directly at flying insects - the mist in the air will kill them. Close all doors and windows. Spray RAID up into the air with a sweeping motion, keeping about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics and furniture, until the room is thoroughly misted. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate room thoroughly before re-entry.

[2] (With H7A-US) there is no need to spray directly at flying insects - the mist in the air will kill them. Close all doors and windows. For the average size room (10ft x 12ft x 8ft) (1000 cubic feet) (30 cubic meters) spray in a slow sweeping motion for 8 to 10 seconds starting from the middle of the room and backing toward the door, directing the spray to all areas of the room. Keep spray about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics and furniture. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate room thoroughly before re-entry.

[either [1] or [2] will be on the product label, not both]

For fast knockdown, spray directly at insects, keeping about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics, and furniture.

In kitchens, be sure to treat areas that may attract these insects such as around windows, sinks and garbage cans.

Spray directly on stray WASPS, HORNETS, YELLOW JACKETS and ASIAN LADY BEETLES that enter building.

For residual control of insects, spray screens and around doors and windows where insects enter the house from a distance of about 18" (inches) (½ meter). Also, spray screens and doorways on patios. It is recommended to check for potential staining and damage in an inconspicuous place before complete treatment.

For residual control of mosquitoes during the night: treat the room at the rate of 8 seconds of spray per 1000 cubic feet (30 cubic meters). Close doors and windows, spray in a slight upward direction covering all areas of the room, staying about 3 feet (36" (inches)) (1 meter) from walls, fabrics and furniture. After spraying close the door as you leave the room. Keep doors and windows closed for about 15 minutes before re-entering. Doors and windows may then be reopened.

OUTDOORS: Do not water the treated area to the point of run-off. Do not make applications during rain.

FLIES, MOSQUITOES, SMALL FLYING MOTHS, ASIAN LADY BEETLES, NON-BITING (FUNGUS) GNATS, FRUITFLIES, BOXELDER BUGS:

To reduce annoyance of these insects, spray target area when air is calm for best results. If a slight breeze is blowing, spray with the wind, allowing the spray to drift over the target area staying at least 3 feet (36" (inches)) (1 meter) from plants and bushes. Allow a couple of minutes for product to take effect. Give special attention to breeding areas such as garbage cans and compost piles. Treat these areas from a distance of about 18" (inches) (½ meter) when possible. When spraying in garages be careful that spray does not contact painted surfaces of vehicles.

TO KILL CRAWLING INSECTS:

INDOORS:

FLEAS: Spray floor coverings and sleeping quarters of pets. This product is not intended for direct application to animals.

ROACHES, WATERBUGS, SILVERFISH, FIREBRATS, CRICKETS: Spray hiding places such as baseboards and floor boards, moist places, cabinets and other storage areas, behind bookcases, and openings around sinks, drains and

8
9

pipes, hitting as many insects as possible from a distance of about 18" (inches) (½ meter). In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves or water heaters, make sure pilot light is first turned off.

ANTS: Spray trails, hills, around doors, openings around pipes, window frames, and baseboards where ants crawl, hitting as many as possible from a distance of about 18" (inches) (½ meter). In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves, make sure pilot light is first turned off.

SPIDERS, ~~CENTIPEDES~~, MILLIPEDES, SOWBUGS, PILLBUGS: Spray webs and places where these pests crawl from a distance of about 18" (inches) (½ meter). These insects tend to hide in dark moist areas. Hit as many as possible.

CARPET BEETLES: Hit these bugs directly with spray on sections of floor, baseboards, shelves and underside of carpets from a distance of about 18" (inches) (½ meter).

BEDBUGS: DO NOT APPLY THIS PRODUCT TO MATTRESSES OR BEDDING. Disassemble bed frame and treat all surfaces. Allow to dry completely before reassembling bed. Treat around beds, on and under rugs near bed, and cracks and crevices along baseboards near bed.

OUTDOORS: Do not water the treated area to the point of run-off. Do not make applications during rain.

FLEAS: Spray kennels, doghouses and places where animals rest, including porches and mats by doors. This product is not intended for direct application to animals.

CRICKETS, ~~CENTIPEDES~~, MILLIPEDES, SOWBUGS, PILLBUGS: Spray around doors, foundations and damp moist places where these insects hide, hitting as many as possible from a distance of about 18" (inches) (½ meter).

ANTS: Spray trails, hills, around doors, openings around pipes, and window frames where ants enter and crawl, hitting as many as possible from a distance of about 18" (inches) (½ meter).

SPIDERS: Spray webs and places where these pests crawl. Hit as many as possible.

STORAGE AND DISPOSAL:

[Homeowner Label]

STORAGE: Store in a cool, dry place away from heat or open flame.

DISPOSAL:

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

[For Reviewer: The Steel graphics symbol will be used if label space allows it.]

[Commercial and Industrial Label]

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in a cool, dry place away from heat or open flame.

DISPOSAL: Do not reuse empty container. Place in trash. Do not incinerate or puncture container.

[Per PR Notice 94-2, the following Disposal statement may be used:

DISPOSAL: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, place in trash.]

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS:

This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not apply when weather conditions favor drift from treated areas. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS:

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

Money Back Guarantee. If you are not satisfied with this product, SC Johnson will refund the purchase price within one year after the date of purchase reflected on an original receipt. Offer limited to 1 refund per household. For more details, contact us at the phone or address below.

CONTAINS NO CFCs OR OTHER OZONE DEPLETING SUBSTANCES. FEDERAL REGULATIONS PROHIBIT CFC PROPELLANTS IN AEROSOLS. (w/graphic)
