UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

October 07, 2011

Ms. Rachel M Callies,
Registration Specialist
S.C. Johnson and Son, Inc.
M.S. 149
Racine, WI 53403

Subject: Notification to add stink buds claim, etc.

EPA Reg. No. / Name: 4822-578 / H7A-US

Date of Application: August 22, 2011

Dear Ms. Callies:

The Agency is in receipt of your above referenced application for Pesticide Notification under Pesticide Registration (PR) Notice 98-10, for the subject product. The Registration Division (RD), after conducting a review of your request for its applicability, finds that the action requested fall within the scope of the aforementioned PR Notice.

Please note that we have approved the amended labeling for this product with the understanding that it is consistent with the Agency's previously stamped accepted label(s); and other than the above stated (application dated 08/22/11), no other changes have been made to the labeling and/or the Confidential Statement of Formula (CSF).

The label submitted with the application has been stamped "Notification" and will be placed in our records. If you have any questions regarding this letter, please contact me or Dr. B. A. Akinlosotu at (703) 605-0653.

Sincerely,

R. Gebken
Richard Gebken,
Product Manager 10

ATTN: Mr. Paul Mastrodone

22 August 2011

Re: Petrie
EPA Reg. No. 4822-578, H7A-US
Notification of Minor Label Change per PR Notice 98-10

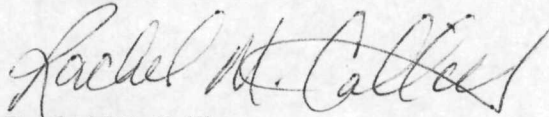

Dear Mr. Mastrodone,

S.C. Johnson and Son, Inc., (SCJ), hereby provides notification to the Agency of our intention to add the following marketing claim to the label mentioned above:

A family company (since 1886)
Fisk Johnson (signature)
(kills stink bug(s)) (including Brown Marmorated Stink Bug(s))

In accordance with PR Notice, 98-10, we have added a claim against a pest that does not pose a threat to public health and for which have efficacy data. To support this action, we have included a completed Application for Registration and have attached the label with these changes highlighted. Please feel free to contact me if you have any questions or concerns regarding this notification.

Best Regards,

Rachel M. Callies

This product contains sodium nitrite
*cis/trans isomer ratio: max. 25% (+/-) cis and min. 75% (+/-) trans

KEEP OUT OF REACH OF CHILDREN
CAUTION: See additional precautionary statements on back.

NET WT. 4 - 20 OZ. (113g- 567g)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS:

This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not apply when weather conditions favor drift from treated areas. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS:

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

Claims for front / back panels:

New (Outdoor) (Mountain) (Country) (Spring) Fresh Scent. [Note: "New" to be used only for the first 6 months on the market]

Clean, Pleasant Odor

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[For reviewer: Boxed and bulleted format will be used if label space permits]

USE RESTRICTIONS

- Apply this product only as specified on this label.
- Do not contaminate food or feedstuffs.
- Do not apply this product directly to mattresses or bedding.
- Do not apply this product directly to domestic (companion) animals.
- Do not water the treated area to the point of run-off. Do not make applications during rain.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift
- Do not apply directly to sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur, except as directed by this label.
- Remove pets, birds and cover fish aquariums and ornamental fish ponds before application, and turn aquarium systems off.

Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible.

TO KILL FLYING INSECTS:

INDOORS:

FLIES, MOSQUITOES, SMALL FLYING MOTHS, NON-BITING (FUNGUS) GNATS, FRUITFLIES:

[1] (With H7A-US) there is no need to spray directly at flying insects - the mist in the air will kill them. Close all doors and windows. Spray RAID up into the air with a sweeping motion, keeping about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics and furniture, until the room is thoroughly misted. Do not remain in treated area. Keep treated room closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry.

[2] (With H7A-US) there is no need to spray directly at flying insects - the mist in the air will kill them. Close all doors and windows. For the average size room (10ft x 12ft x 8ft) (1000 cubic feet) (30 cubic meters) spray in a slow sweeping motion for 8 to 10 seconds starting from the middle of the room and backing toward the door, directing the spray to all areas of the room. Keep spray about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics and furniture. Do not remain in treated area. Keep treated room closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry.

[either [1] or [2] will be on the product label, not both]

For fast knockdown, spray directly at insects, keeping about 3 feet (36" (inches)) (1 meter) from interior walls, fabrics, and furniture.

In kitchens, be sure to treat areas that may attract these insects such as around windows, sinks and garbage cans.

Spray directly on stray WASPS, HORNETS, YELLOW JACKETS and ASIAN LADY BEETLES that enter building.

For residual control of listed insects, spray screens and around doors and windows where insects enter the house from a distance of about 18" (inches) (1/2 meter). Also, spray screens and doorways on patios. It is recommended to check for potential staining and damage in an inconspicuous place before complete treatment.

For residual control of mosquitoes during the night: treat the room at the rate of 8 seconds of spray per 1000 cubic feet (30 cubic meters). Close doors and windows, spray in a slight upward direction covering all areas of the room, staying about 3 feet (36" (inches)) (1 meter) from walls, fabrics and furniture. After spraying close the door as you leave the room. Keep doors and windows closed for at least 15 minutes following application. Thoroughly ventilate room before re-entry. Doors and windows may then be reopened.

OUTDOORS:

FLIES, MOSQUITOES, SMALL FLYING MOTHS, ASIAN LADY BEETLES, NON-BITING (FUNGUS) GNATS, FRUITFLIES, BOXELDER BUGS:

To reduce annoyance of these insects, spray target area when air is calm for best results. If a slight breeze is blowing, spray with the wind, allowing the spray to drift over the target area staying at least 3 feet (36" (inches)) (1 meter) from plants and bushes. Allow a couple of minutes for product to take effect. Give special attention to breeding areas such as garbage cans and compost piles. Treat these areas from a distance of about 18" (inches) (1/2 meter) when possible. When spraying in garages be careful that spray does not contact painted surfaces of vehicles.

TO KILL CRAWLING INSECTS:

INDOORS:

FLEAS: Spray floor coverings and sleeping quarters of pets. This product is not intended for direct application to domestic (companion) animals.

ROACHES, WATERBUGS, SILVERFISH, FIREBRATS, CRICKETS: Spray hiding places such as baseboards and floor boards, moist places, cabinets and other storage areas, behind bookcases, and openings around sinks, drains and pipes, hitting as many insects as possible from a distance of about 18" (inches) (1/2 meter). In kitchens, also spray

7
8

around refrigerators, stoves and storage areas. When spraying by stoves or water heaters, make sure pilot light is first turned off.

ANTS (except fire, harvester, and pharaoh ants): Spray trails, hills, around doors, openings around pipes, window frames, and baseboards where ants crawl, hitting as many as possible from a distance of about 18" (inches) (1/2 meter). In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves, make sure pilot light is first turned off.

SPIDERS (except black widow and brown recluse spiders), MILLIPEDES, SOWBUGS, PILLBUGS: Spray webs and places where these pests crawl from a distance of about 18" (inches) (1/2 meter). These insects tend to hide in dark moist areas. Hit as many as possible.

CARPET BEETLES: Hit these bugs directly with spray on sections of floor, baseboards, shelves and underside of carpets from a distance of about 18" (inches) (1/2 meter).

BEDBUGS: DO NOT APPLY THIS PRODUCT TO MATTRESSES OR BEDDING. Disassemble bed frame and treat all surfaces. Allow to dry completely before reassembling bed. Treat around beds, on and under rugs near bed, and cracks and crevices along baseboards near bed.

OUTDOORS:

FLEAS: Spray kennels, doghouses and places where animals rest, including porches and mats by doors. This product is not intended for direct application to domestic (companion) animals.

CRICKETS, MILLIPEDES, SOWBUGS, PILLBUGS: Spray around doors, foundations and damp moist places where these insects hide, hitting as many as possible from a distance of about 18" (inches) (1/2 meter).

ANTS (except fire, harvester, and pharaoh ants): Spray trails, hills, around doors, openings around pipes, and window frames where ants enter and crawl, hitting as many as possible from a distance of about 18" (inches) (1/2 meter).

SPIDERS (except black widow and brown recluse spiders): Spray webs and places where these pests crawl. Hit as many as possible.

STORAGE AND DISPOSAL:

PESTICIDE STORAGE: Store in a cool, dry place away from heat or open flame.

CONTAINER DISPOSAL:

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

[The Steel graphics symbol will be used if label space allows it.]

(Contains no CFC's or other ozone depleting substances. Federal Regulations prohibit CFS propellants in aerosols.) (graphic optional)
