U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

EPA Reg. Number:
4822-583

Date of Issuance:
MAR 13 2012

Term of Issuance:
Unconditional

Name of Pesticide Product:
Charger

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(Under FIFRA as amended)

Name and Address of Registrant (include ZIP Code):

S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, Wisconsin 53403

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided:

1. You will submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. You make the following label changes before releasing the product for shipment:
 - a) Revise the EPA Registration Number to read "EPA Reg. No. 4822-583".
 - b) Add the following below the precautionary statements: "Store away from food, beverages and pet food. Do not allow materials other those intended for product use to cover the unit while it is in use. Replace lid only when candle is not lit and unit is cool."

Signature of Approving Official

Richard Gebken, Product Manager, RD/IB (7505P)

Date:

MAR 13 2012

c) Revise the disposal statements to read: "Non-refillable (ring) (tray) (package) (and) container. Before disposing, fully use up the ring according to the label. Do not reuse the ring. After fully used, place in trash or offer for recycling if available. If ring is partly used, call your solid waste agency or 1-800-529-3394 for disposal instructions. Never place unused product down any indoor or outdoor drain or drainage area."

The candle disposal instructions are acceptable as proposed on the label.

d) Remove the following marketing claims from the label:

- Entomologist developed
- Tested in extreme mosquito conditions
- Trusted protection... anywhere it appears
- The Power (to Repel) is in the Ring (Pad) (Cloth) (Surface) Tray)
- A layer of repellent protection
- Remove the word "power" from the following claims:
 - Power shield (ring)
 - Power ring (mosquito repellent)
 - Power candle
 - Power fusion
- Candle fusion
- Super-charged mosquito repellent
- Effective protection you don't have to spray on.
- The (citronella-scented) candle with the (extra) (special) layer of repellent (added)
- Light scent
- Off! Defense
- Infused with new active ingredient
- Added new repellent/active ingredient for extra protection
- From the makers of OFF! Clip-on
- Uses the same active ingredient as OFF! Clip-on
- Create a virtually mosquito free zone (patio) (deck) (campsite)
- Zone coverage
 - (Wide) (Broad) area coverage
 - (Wide) (Broad) area protection
 - (Blocks) (Shields) mosquitoes (up to 10 ft x 10 ft)
- Remove the term "extra" from any marketing claim in which it appears
- OFF! The experts in repelling mosquitoes
- Take the OFF! Challenge

3. The basic Confidential Statement of Formula (CSF) dated August 22, 2011 is acceptable and is the basic CSF of record. The Alternate CSF dated August 22, 2011 is also acceptable.

3 7 11

4. The product chemistry data requirements for this product are fulfilled except that you are required to generate a one year storage stability study (830.6317) for the subject product under warehouse conditions. It is recommended that observations be made at 0, 3, 6, 9, and 12 months. The corrosion characteristics study (830.6320) may be conducted concurrently. The accelerated study provided useful information but will not substitute for the complete studies.

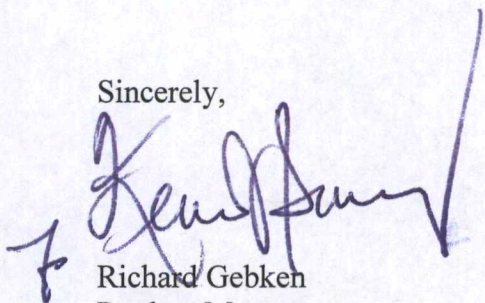

5. The acute toxicity studies were reviewed and classified as acceptable. The acute toxicity profile for this product is:

Acute oral toxicity	III	Acceptable
Acute dermal toxicity	III	Acceptable
Acute inhalation toxicity	III	Acceptable
Primary eye irritation	IV	Acceptable
Primary skin irritation	IV	Acceptable
Dermal sensitization	Negative	Acceptable

Please submit three (2) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. The data evaluation reviews and a stamped copy of the label are enclosed for your records.

If you have any questions regarding this registration, please contact Kevin Sweeney at (703) 305-5063. Thank you for your cooperation in this matter.

Sincerely,

Richard Gebken
Product Manager
Insecticide Branch
Registration Division (7505P)

OTHER INGREDIENTS..... 68.32%

Total..... 100.00%

Net Weight: X oz (X grams)

ACCEPTED
with COMMENTS
In EPA Letter Dated
MAR 13 2012
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.
4822-583

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: Harmful if swallowed, or absorbed through the skin. Avoid contacting skin, eyes or clothing with treated ring (tray) (cloth) (surface). Do not use indoors or in enclosed spaces. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

[Note reviewer: Boxed format or bullets may be used in First aid section if label space permits]

FIRST AID

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

If on Skin: If treated ring (tray)(cloth) (surface) touches skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Have product container or label with you when calling a poison control center or doctor or going for treatment. For additional information in case of emergency call toll free 800-558-5252.

((Hand Wash Logo) Be sure to wash hands after handling treated ring (tray).)

ENVIRONMENTAL HAZARDS

Do not apply to water.

PHYSICAL & CHEMICAL HAZARDS

To Prevent Fire or Injury: Burn within sight. Never burn candle on or near anything that can catch fire. Keep out of reach of children and pets. Place on level, stable surfaces. Never burn candle unattended.

Trim wick to 1/2 inch (" (or less) (before each lighting.) Keep candle free of matches and all foreign material. Never touch or move while lit, or until wax hardens. Do not use indoors or in enclosed areas such as garages. Do not use on or near food or food preparation surfaces. Do not extinguish with lid or water. Do not store near heat or open flame. (Lead-free wick.) Keep (candle and) tray (treated) (ring) (cloth) (surface) covered between uses.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

Use one candle in an area up to 10 feet by 10 feet. Use two or more in larger areas. For best results use within 3 months of opening.

[directions for packaging with tray separately pouched in foil]

To Prepare Candle: (Remove candle lid and store beneath candle during use.) (Trim wick to 1/2 inch (" (or less).) Remove the (mosquito) (repellent) tray (ring) from its (foil) package (pouch), being careful not to touch the ([color]) (treated) (tray) (ring) (cloth) (surface) (as shown).

Light candle. (Snap (set) tray (ring) into the candle (as shown).)

[OR]

(Snap (set) tray (ring) into the candle (as shown).) Light Candle.

[directions for packaging with treated substrate is packaged as a single unit ready to use with the candle and covered with a protective film]

To Prepare Candle: (Remove candle lid and store beneath candle during use.) Peel back protective film (foil) from the ([color]) (treated) (tray) (ring) (cloth) (surface), being careful to remove all of the film (foil) and expose (all of) the (mosquito) (repellent) ([color]) (treated) (tray) (ring) (cloth) (surface) (as shown). (Trim wick to 1/2 inch (" (or less).) (Dispose of film (foil) in trash.) Light candle.

(Wash hands thoroughly after handling the tray (treated) (ring) (cloth) (surface).) (Hand Wash Logo).

Protection is not immediate. Allow time for candle to heat the Ring. High humidity may increase time before repellency builds.

To Extinguish Candle: Do not extinguish with water or lid. Smother the flame with a non-flammable material to extinguish. Keep (candle) (and) ([color]) (treated) (tray) (ring) (cloth) (surface) covered between uses. (The (mosquito) (repellent) ([color]) (treated) (tray) (ring) (cloth) (surface) is formulated to last as long as the candle.)

6 8 11

STORAGE AND DISPOSAL

Storage: Store in original container in a cool, dry place in an area inaccessible to children.

Disposal: Non-refillable (ring) (tray) (pouch) (package) (and) container (bucket).

[The following language will be used if there is a pouch for the ring or tray, or the ring or tray itself if it can be removed from the candle:]

(Ring) (tray) (and) (package) (pouch) (film): place in trash or offer for recycling if available.

Candle: After allowing exhausted candle to cool, place in trash. Do not refill or reuse the container.

If product remains partially unused, call your local solid waste agency (or 1-800-529-3394) for disposal instructions. Never place unused product down any indoor or outdoor drain.
