Racine WI 53403-2236

Subject: Notification per PRN 98-10 – Adding marketing statements
Product Name: RRG RAM
EPA Registration Number: 4822-595
Application Date: December 6, 2018
Decision Number: 554669

Dear Ms. Fugate:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records. Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact please contact Shanta Adeeb at 703-347-0502 or by email at adeeb.shanta@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Shanta Adeeb".

NOTIFICATION

4822-595

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

03/19/2020

(Nonrefillable Container)
(Refillable Container)
(Net Wt.)
(Net Contents):
(Total Weight: xx oz/xx g) (xx oz/xx g per dispenser)
(Contains) (#) (tube(s)) (syringe(s)) (cartridge(s))

KEEP OUT OF REACH OF CHILDREN

CAUTION

ONLY TREAT IN AREAS THAT ARE NOT EASILY ACCESSIBLE TO CHILDREN AND PETS

Refer to (back)(inside)(bottom)(side) panel(s) for additional precautionary statements (and)(complete use instructions)(and First Aid).

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

You may also contact 1-800-xxx-xxxx for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high watermark.

PHYSICAL AND CHEMICAL HAZARDS

Do not use this product in or on electrical equipment where a possibility of shock hazard exists.

[OPTIONAL CLAIMS]

[List of Optional Marketing Claims-]

1. For Hard to Reach Places
2. For Hard to Reach Places Such as Cracks and Crevices
3. (Works) (Starts Working) (Kills) (Starts Killing) (within) (in) hours

4. The Gel Attracts Roaches in Search of Food and Water
5. Ready To Use
6. Convenient Syringe Applicator
7. Convenient (tube) Applicator
8. Precision Syringe Applicator
9. Precision (tube) Applicator
10. Gets Bait where (cock)roaches live
11. Makes Multiple Bait Placements Quick and Easy
12. Makes Baiting Quick and Easy
13. Easy Way to Apply Bait
14. Easy to Apply Multiple Bait Placements
15. (Formulated) (Specifically Formulated) (to Kill) (for) (Cock)Roaches
16. Quickly (Readily) Consumed by (Cock)Roaches
17. Use Indoors and Outdoors
18. Can be Used Indoors and Outdoors
19. Kills Roaches Indoors or Outdoors
20. Kills (Common)(All Common)(Household) Roaches
21. Effective Against (Common)(All Common)(Household) Roaches
22. Easy application (for cracks and crevices)(for hard to reach places)
23. Precision placement (for cracks and crevices)(for hard to reach places)
- 24. *Precise application in crack and crevices***
25. Works in Areas (Not Reachable by) (Inaccessible to) (Children) (Kids) (and) (or) (Pets)
26. No (Embarrassing) (Visible) Bait Stations
27. No Messy Spray(s)
28. Fast-acting (roach control) (bait)
29. Easy to Use
30. Kills roaches and the eggs they carry
31. Kills roaches that may carry germs
32. Kills (Roaches) at their source
33. Kills (Roaches) at the source
34. Kills (Roaches) where they hide
35. (Kills the Roaches You See), Kills the Roaches You Don't (See)
36. Roaches eat the bait and (take it back to the nest) (take it back to the colony) (crawl away to die)
37. Roaches (take it back to the nest) (take it back to the colony) (crawl away to die)
38. Roaches eat the bait, take it back to the (nest)(colony)
39. Roaches eat the bait, crawl away to die
40. (Kills) (Destroys) the (Entire) (Nest) (Colony)
41. (For) (Treats) (Controls) Even Heavy Infestations
42. Precision Applicator (for easy placement)
43. Precision (placement)(tube)(syringe)
44. Stands upright (for easy storage)
45. Re-sealable Tube Keeps Bait Fresh
46. Use in Areas (You) (See) (Find) Roaches (and) (Where Roaches Nest)
47. [insert trademark] Kills Bugs Dead!®.

48. Peel (remove) (tear) (outer) label (sticker) (coupon) (here) for complete use directions
49. Peel (remove) (tear) (outer) label (sticker) (coupon) (here) for complete use directions and precautionary statements
50. Peel (remove) (tear) (outer) label (sticker) (coupon) (here) before use
51. Read entire label before use.
52. Apply this product only as specified.
53. Visit [website] to identify your bug and best treatment plan.
54. [website may be listed]
55. This product [brand name] provides precise application in sensitive areas such as kitchens and bathrooms.)
56. Re-apply more frequently (and in multiple locations) for heavy infestations.
57. Use this product [brand name] to kill hidden bugs at the source.
58. (Make sure you) inspect gel baits periodically and apply fresh baits as needed.
59. The Raid online reminder will help you remember to replace gel, which is key to controlling the problem.
60. **Kitchen Defense**
61. **Money Back Guarantee****
****If you are not satisfied with this product, SC Johnson will refund the purchase price within one year after the date of purchase reflected on an original receipt. Offer limited to 1 refund per household. [Insert one or both of the following two statements] (Call 1-800-558-5252 for details.) (Visit www.raid.com for details.)**

[Optional Non-Chemical Control Claims][one or more of the non-chemical control claims below will be used]

62. (Additional) Tips (Non-chemical Control Options):
 63. Remove food spills and exposed food.
 64. Store food in sealed containers.
 65. Avoid accumulating (leaving) dirty dishes in sinks.
 66. Keep food out of bedrooms and living rooms.
 67. Do not store items like firewood near the home, which provides areas for outdoor roaches to live and breed.
 68. Caulk cracks and crevices or any points where roaches enter or escape into walls, including entry points from outside or neighboring units.

READ THE LABEL FIRST!

PRODUCT FACTS

| | |
|------------------|--|

| Where to use | In and around homes and other buildings/structures where cockroaches have infested or where they travel to seek food, water or shelter |
| When to use | When cockroaches are observed or there is evidence of an infestation in/around a home, building or structure |
| [Telephone icon] | For information or comments call 1-xxx -xxx -xxxx |

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on this label. (Test in an inconspicuous area before applying gel) (Test in an inconspicuous area for possible (staining) (or) (discoloration)). (Evaluate test area after drying))

BACKGROUND INFORMATION:

RRG RAM is a ready-to-use highly attractive gel bait formulation that is very effective in controlling German and American cockroaches.

BEFORE YOU START

- Apply to areas not easily accessible to children and pets.
- Do not apply RRG RAM (Cockroach) (Gel) bait to surfaces recently treated with residual insecticide sprays.
- Surfaces treated with RRG RAM (Cockroach) (Gel) bait must not be treated with insecticidal sprays, as the bait will be rendered ineffective.
- Do not apply in or on electrical equipment due to the possibility of shock.
- Do not apply to surfaces that food contacts.
- Do not allow open foods to contact gel material.
- Do not apply in locations of high temperature or direct sunlight.
- Gel deposits may be cleaned up by using damp paper towel or rag while still wet, or if dried has dried use putty knife to scrape and discard in trash.

(HOW (Product Name) (IT) WORKS)

(RRG RAM (Cockroach) (Gel) bait contains the active ingredient Indoxacarb, in a formulation that is highly attractive to German and American cockroaches.)

(The (handy applicator)(tube) makes it easy to apply small placements of gel. For high cockroach densities, more placements also allow more cockroaches to eat at the same time.)

WHERE TO USE

Indoors:

- Kitchens
- Bathrooms
- Laundry rooms
- Basements
- Garages
- May be used indoors (or outdoors) (applied) as a crack and crevice (and corner) treatment in and around single and multi-family residential buildings.
- Apply to areas (frequented by) (cock)roaches (are commonly found) such as:
 - (Under sinks and) around plumbing (and) pipes
 - (To drawers and) cabinet (corners) where (cock) roaches are known to (hide)(nest)
 - (Equipment legs and bases) (including) (and) behind and under appliances (such as) (ovens) (refrigerators) (and) (washers)
 - Openings leading into (voids)(cracks) and hollow spaces (in) (floors)(walls)(and)(ceilings)
 - Trashcans
 - Behind toilets
 - Baseboards, doors and windows
- Do not apply in locations of high temperature or direct sunlight
- Inspect bait placements periodically and apply fresh bait as needed.

[OPTIONAL GRAPHICS WITH TEXT]

(Where To Place The Gel)

(Main placement areas)

(Panel 1: Picture with arrows pointing under refrigerator)

(Panel 2: Picture with arrows pointing under drawers)

(Panel 3: Picture with arrows pointing behind trash receptacle in kitchen)

(Panel 4: Picture with arrows pointing to inside of storage cabinet under kitchen sink)

(Panel 5: Picture with arrows pointing behind toilet in bathroom)

(Panel 6: Picture with arrows pointing to inside edge of bathroom sink cabinet)

(Panel 7: Picture with arrows pointing behind toilet in bathroom opposite side)

(Panel 8: Picture with arrows pointing to cracks and crevices at base of bathroom cabinet)

Outdoors:

- A thorough inspection around a structure may reveal areas where cockroaches are gaining access. Attempts should be made to remove the access.
- Apply RRG RAM ((bait)) as a spot or thin bead (see above) to pest entry sites such as along windows, doors, sewer areas, adjacent trees which harbor cockroaches, along walls, garbage holding areas, or suitable placement sites citing as a cockroach harborage.
- Place baits in such a way as to reduce the potential of subsequent human contact.

HOW MUCH TO APPLY

For spot or gel dot applications:

- For heavy infestations of (cock)roaches, apply 3 to 5 spots of RRG RAM bait per 10 linear feet or one square yard.
- For light to moderate infestations of (cock)roaches, apply 1- 3 spots of RRG RAM bait per 10 linear feet or one square yard.
- (Each (spot) (gel dot) of RRG RAM applied should (equal about 0.5 grams) (be approximately 1/4 inch diameter) (be about the size of a pea)

To apply a (line) (bead) of gel:

- For all levels of (cock) roach infestations, when a (bead)(line) of RRG RAM bait is used, apply a small thin (bead)(strip) that is less than 1/8 inches wide and approximately 2 inches long. (insert 1/8x2 inch bead/line graphic)
- (Inspect bait placements periodically and reapply fresh bait as needed.)

HOW TO APPLY

1. (Twist)(and) (Remove) cap (from) (syringe) (tip) (tube) (cap) (to) (open) (position).
2. Place (syringe) (tube) tip at surface to be treated.
3. (Gently squeeze) (Apply light pressure to)(plastic) (syringe) (plunger)(tube) (to create multiple spots of) (gel)(paste)(about the size of a pea) (or apply as a line or strip) (When finished,) Lift (syringe) (tube) tip from surface, (and)(replace cap)(twist cap) (to close).
4. (Keep (the cap on) (the tube) (closed) (to prevent) (gel) (paste) (from drying out)).
5. ((For convenience,) (you can store tube standing up)).

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in cool, dry place inaccessible to children and pets.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

[Information in brackets is notes to Reviewer]
(Information in parentheses is optional language)

Container Handling: Nonrefillable container. Do not reuse or refill the gel bait dispenser. Place empty bait dispensers in trash, offer for recycling, or call your local solid waste authority (or 1-800-xxx-xxxx) for disposal instructions.

Raid Defense System (Defense System)

- Attack(s) Bugs*
- Control(s) Bugs[†]
- Prevent(s) Bugs[‡]

Raid Defense System (Raid Guided Support) helps you work smarter, not harder, to fight bugs. Visit raidkillsbugs.com to identify your bug and best treatment plan.

Use this product to:

Control Bugs

Kill bugs at the source (Kill the bugs you don't see)

[†] Use (this product) in hard to reach places like cracks and crevices, in corners, along walls, and near entry points to kill roaches where they hide (and their hidden nest). Avoid placing gel directly on top of surfaces treated with a Raid Ant & Roach Killer or Raid MAX Roach Killer spray product. This will inhibit the gel bait's effectiveness.

Use other Raid products to:

Attack Bugs

Kill bugs on contact (Kill the bugs you see)

* Use a Raid Ant & Roach Killer or Raid MAX Roach Killer spray to kill roaches on contact.

Read the label to find the right product for your bug problem.

Prevent Bugs

Help keep bugs out (Keep bugs out)

[‡] Use a Raid MAX Bug Barrier product to (help) keep German roaches out of your home for up to 12 months.

Read the label to find the right product for your bug problem.
