WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

December 15, 2016

Heather Klamer  
S. C. Johnson & Son, Inc.  
1525 Howe St.  
Racine, WI 53403-2236

Subject: Notification per PRN 98-10 – Small label change  
Product Name: W&H FOAM  
EPA Registration Number: 4822-611  
Application Date: 11/14/2016  
Decision Number: 523592

Dear Ms. Klamer:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Angela Hollis at 703-347-0216 or via email at [hollis.angela@epa.gov](mailto:hollis.angela@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", enclosed in a large, hand-drawn oval.

Kable Bo Davis, Product Manager 3  
Invertebrate and Vertebrate Branch 1  
Registration Division (7505P)  
Office of Pesticide Programs

**NOTIFICATION**

4822-611

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

12/15/2016

**ACTIVE INGREDIENTS:**

Prallethrin.....	0.05%
Cypermethrin.....	0.10%
OTHER INGREDIENTS.....	99.85%
TOTAL.....	100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION: See additional precautionary statements (and complete use instructions) on back (inside)

Net Wt.

Water-based formula [with graphic]

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Shake well before each use.

RESTRICTIONS: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of area during application. Do not allow adults, children, or pets to enter the treated area or contact treated surfaces until sprays have dried. Avoid applications during rain. Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Application is prohibited directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. This product is non-staining to most common outdoor household surfaces depending on the condition and cleanliness. Test in an inconspicuous area for compatibility before using on these surfaces.

**FOR OUTDOOR USE ONLY:**

To kill paper wasps (and) (bald faced hornets) and their nest(s). For best results, spray [(brand product name inserted here)] in early morning or early evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. Hold can as upright as possible while spraying. Point spray toward opening of nest, keeping the wind at your back. Spray until nest is thoroughly saturated (covered) (covered with foam) to kill the entire nest population. Wait at least 24 hours before removing the nest.

## **STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool, dry place away from fire, sparks, and heated surfaces.

**DISPOSAL:** Do Not Puncture or Incinerate!

If Empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, put in trash.

If Partially Filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

[The steel recycle graphics symbol may be used if label space allows it.]

## **PRECAUTIONARY STATEMENTS**

### **(HAZARDS TO HUMANS AND DOMESTIC ANIMALS)**

**(User Safety Recommendations:** Users should wash hands thoroughly with plenty of soap and water before eating, drinking, and chewing gum, using tobacco or using the toilet. Remove contaminated clothing if pesticide gets inside and wash clothing before reuse.)

### **PHYSICAL OR CHEMICAL HAZARDS**

**CONTENTS UNDER PRESSURE.** Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Do not use this product in or on electrical equipment due to the possibility of a shock hazard. Some hard surfaces may become damp when sprayed. Avoid slips or falls.

**ENVIRONMENTAL HAZARDS:** This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish adjacent to treated areas. See Directions for Use for additional precautions and requirements.

(Contains no CFCs or other ozone depleting substances. Federal Regulations prohibit CFC propellants in aerosols.) [optional graphic]

Read entire label before use  
Apply this product only as specified

Visit ([raidkillsbugs.com](http://raidkillsbugs.com)) to identify your bug and best treatment plan  
(Additional) Tips (Non-chemical Control Options) [one or more to be chosen from the following list]:  
Do not leave doors and windows open.  
Inspect screens for holes and loose edges that may allow wasps and hornets to enter.  
Keep a tight fitting lid on garbage cans (and receptacles) to avoid attracting wasps.

## Raid Defense System (Defense System)

### Attack(s) Bugs\*

Raid Defense System (Raid Guided Support) helps you work smarter, not harder, to fight bugs. Visit [raidkillsbugs.com](http://raidkillsbugs.com) to identify your bug and best treatment plan.

Use this product to:

Attack Bugs

Kill bugs on contact (Kill the bugs you see)

Kill bugs at the source (Kill the bugs you don't see) (in the nest)

\* Use (this product) outdoors to kill (wasps) (hornets) (wasps and hornets) (and their entire nest) on contact. For best results, spray in the morning or evening when insect activity is minimal. Spray toward (directly into) the nest opening (pointed towards the nest opening) until the entire nest is saturated (covered) (with foam).
