Racine, WI 53403

Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 – Revise master label to remove “deet free” and similar claims.
Product Name: Claire IV
EPA Registration Number: 4822-612
EPA Receipt Date: 5/23/2022
Action Case Number: 00366963

Dear Mr. Delgado:

The U.S. Environmental Protection Agency (EPA) is in receipt of your application for notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Biopesticides and Pollution Prevention Division (BPPD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped “Notification” and will be placed in our records. You must submit one (1) copy of the final printed labeling with the modifications.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

If you have any questions, please contact Sydney Hetzel by phone at (202) 566-1606 or via email at hetzel.sydney@epa.gov.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read all directions before using this product.

General Instructions: Shake well before using. Hold container 4 to 6 inches from skin and spray with a slow sweeping motion. Do not use as a space spray. Use sufficient repellent to cover exposed skin evenly and completely. Wash hands thoroughly with soap and water after applying. For continued protection from listed insects, reapply every 2 hours or after swimming, perspiration, vigorous activity or toweling. Application To Face: Do not spray directly on or near face. Instead, spray in palm of hand and spread on face and neck. Do not apply to face or hands of young children. For maximum protection, spread evenly with hand to moisten all exposed skin. Do not use under clothing. After returning indoors, wash treated skin with soap and water. Do not spray in enclosed areas. Do not allow children to apply this product to themselves. Do not apply to excessively sunburned or damaged skin.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or flame in an area inaccessible to children.
DISPOSAL: Nonrefillable container. Before disposing, empty container by using the product according to the label. Do not reuse or refill this container. Place in trash or offer for recycling if available.
If partially filled: Call your local solid waste agency or 1-800-529-3394 for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Do not use on children under the age of three.

[Boxed format or bullets may be used in First Aid section if label space permits.]

FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

PHYSICAL & CHEMICAL HAZARDS

Keep treated surfaces away from fire or flame until dry.
