

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505T)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

4822-636

Date of Issuance:

9/11/26

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

H12A-US

Name and Address of Registrant (include ZIP Code):

S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403-2236

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Jacquelyn Herrick, Chief
Invertebrate-Vertebrate Branch 1, Registration Division (7505T)

Date:

9/11/26

EPA Form 8570-6

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 4822-636."
3. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF:

- Basic CSF dated 01/18/2024

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID	
If inhaled	• Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for treatment advice.
If in eyes	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

If swallowed	• Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-558-5252 for emergency medical treatment information.	
Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.	

PHYSICAL OR CHEMICAL HAZARDS

CONTENTS UNDER PRESSURE. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F [54°C] may cause bursting.

ENVIRONMENTAL HAZARDS:

This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible.

For both Indoor and Outdoor use.

RESTRICTIONS: Do not enter or allow others to enter the treated area until the sprays have dried. Do not allow people or pets to enter treated area until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated.

Do not allow to enter indoor or outdoor drains. *No permita la entrada a desagües internos o externos.* Follow proper disposal procedures on this label. *Siga las indicaciones del etiquetado para el desecho apropiado del producto.*

For soil or foliar applications, do not apply by ground within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.

Do not spray the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.

Do not allow the product to enter any drain during or after application.

Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.

Do not apply or irrigate to the point of runoff.

Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry [minimum 4 hours]. Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

[The pictogram must be legible [i.e. no smaller than 1.5 square centimeters or .25 square inches unless this size is greater than 10% of the size of the label].]

Check for potential staining and damage in an inconspicuous place before complete treatment.

TO KILL LISTED INSECTS:

[INDOORS][Outdoors][Indoors [or]/ Outdoors]:

DIRECT SPRAY:

HOUSE FLIES, MOSQUITOES, SMALL FLYING MOTHS, NON-BITING [FUNGUS] GNATS, FRUIT FLIES: Spray insects directly for one second from 18" [1/2 meter][2.5g/second] hitting as many insects as possible.

FLEAS: Spray insects directly for one second from a distance of 18" [inches] [1/2 meter][2.5g/second] hitting as many insects as possible. Do not treat animals with this product.

ROACHES: Spray insects directly for one second from a distance of 18" [inches] [1/2 meter][2.4g/second] hitting as many insects as possible.

SILVERFISH, FIREBRATS, CRICKETS, SPIDERS (excluding black widows and brown recluse), SOWBUGS, PILLBUGS, CARPET BEETLES: Spray insects directly for one second from a distance of 18" [inches] [1/2 meter] hitting as many insects as possible.

ANTS (excluding carpenter ants): Spray insects directly for one second from a distance of 18" [inches] [1/2 meter][2.4g/second] hitting as many insects as possible.

PAPER WASPS, HORNETS, YELLOW JACKETS and ASIAN LADY BEETLES: Spray stray insects that enter building directly for 2 seconds from 18" away.

SPACE SPRAY:

MOSQUITOES and HOUSE FLIES: Close all doors and windows. Spray for 2 seconds into the air with a sweeping motion, keeping about 3 feet [36" [inches]] [1 meter] from interior walls, fabrics and furniture, for a 6.12m³ space [equivalent to 10seconds/30m³].

Wait two [2] hours after application, then open windows, vents and doors for two [2] hours. If an odor is still detected, additional ventilation is required. Remove pets, birds and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use. Cover exposed food and remove utensils in serving areas. Application is prohibited directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur.

GARDEN BUGS: Product is for use on ornamental garden plants only. It is not for use on edible crops. To kill Aphids, Army Worms, Caterpillars, Climbing Cutworms, Fruit Flies, Leafhoppers, Phorid Flies, Thrips, Webworms and Whiteflies on ornamental garden plants. Spray when air is still and temperature is not above 90°F [32°C]. Spray with slow sweeping motion 3 feet [36" [inches]] [1 meter] from all plants. Avoid wetting - a light spray kills pests effectively. Spray in short bursts. Repeat application as long as insects are present. Use with care on tender foliage, young plants and new growth.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Do not pour or dispose down the drain or sewer.

STORAGE:

Store in a cool, dry place away from heat or open flame.

PESTICIDE DISPOSAL: Do Not Puncture or Incinerate! If empty: This container may be recycled in the few but growing number of communities where [steel] aerosol can recycling is available. Before offering for recycling, empty the container [can] by using the product according to the label. If recycling is not available, place in trash. Do not pour or dispose of down the drain or sewer. If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

[Money Back Guarantee. If you are not satisfied with this product, SC Johnson will refund the purchase price within one year after the date of purchase reflected on an original receipt. Offer limited to 1 refund per household. For more details, contact us at the phone or address below.]

Avoid spraying near baits to make sure bugs can bring the bait back to the nest

Visit raid.com to identify your bug and best treatment plan

[Additional] Tips [Non-chemical Control Options]: {one or more to be chosen from the following list}:

- Do not leave doors and windows open.
- Inspect screens for holes and loose edges that may allow [house flies] [and][wasps] [and] [yellow jackets] to enter.
- House Flies breed in decaying matter. Remove these sources in yards and garbage areas before house flies start to breed.

- Store food in sealed containers.
- Avoid leaving [accumulating] dirty dishes in sinks.
- Keep food out of bedrooms and living rooms.
- Caulk hiding spots and points of entry from outside or neighboring units.
- Avoid the use of mulch next to the foundation, which provides an ideal place for outdoor ants to nest and to gain entry into the home. Caulk any points where bugs enter into wall voids, cracks and crevices, including entry points from outside or neighboring units.
