

# STAND-OUT

A residual action type insecticide

DO NOT SPRAY Into The Air. Use Only As Shown Below.

ACCEPTED

JAN 13 1976

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide

## PRECAUTIONARY STATEMENTS CAUTION

May be absorbed through the skin. Contact with the skin can cause toxic symptoms. Avoid inhalation and skin contact. In case of spillage on skin, wash with soap and water. Avoid contamination of foodstuffs. Do not use, pour, spill or store near heat or open flame. Harmful if swallowed. Do not reuse container. Destroy when empty.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish, birds, and other wild life. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To obtain residual action, apply with a brush or as a coarse wet spray to thoroughly moisten the surface, using 1 quart to approximately 250 square feet or, if applying to cracks and crevices, 1 quart to 500 lineal feet.

Use in bottling plants, camps, country clubs, department stores, food, meat and poultry processing plants, hospitals, hotels, municipal installations, nursing homes, schools, super markets and warehouses.

**FOR ROACHES & WATERBUGS:** Treat infested areas around refrigerators, sinks, the under side of table tops and shelving, all cracks, crevices and baseboards, moulding and other hiding or resting places. Apply also around all pipe openings

through walls, floors, or ceilings and open cracks between tile. Avoid contamination of foods. Repeat treatment as often as necessary.

**FOR ANTS:** Apply to trails, runways and areas they visit. Check carefully around baseboards, door and window frames and sills, legs of tables and chairs, and all cracks and crevices opening to the outside of the house. Repeat treatment as often as is necessary.

**FOR SILVERFISH:** Apply behind shelving and bookcases, to baseboards, pipe openings and other hiding places. Use caution not to contaminate food. Apply as often as necessary.

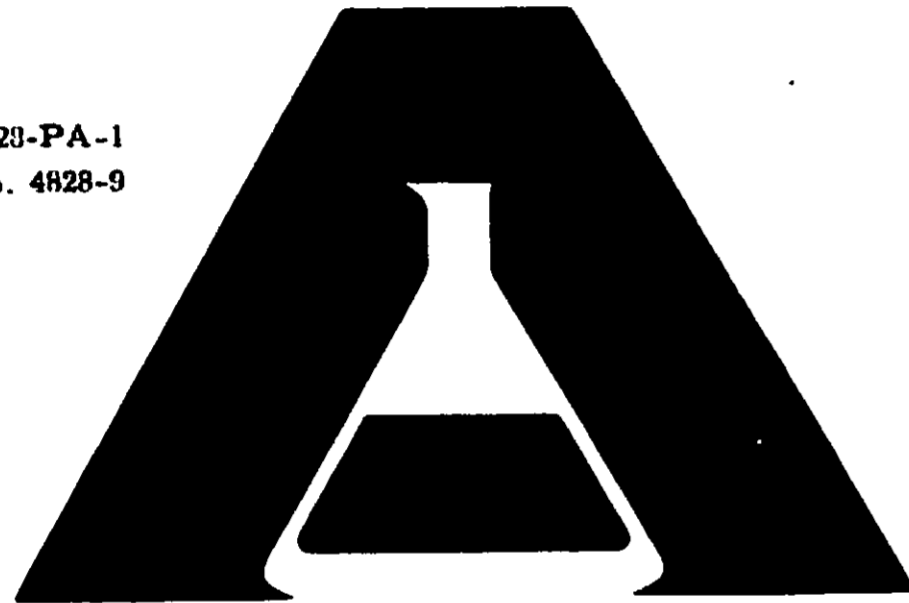

**FOR CARPET BEETLES IN PREMISES:** Apply locally to areas of floors and baseboards, into cracks, under carpets, and to other areas where accumulations of lint and/or these insects may be found. Containers or closets used for storage of clothing should be treated thoroughly, paying particular attention to shelving, baseboards, and cracks in floors. Repeat treatment as required.

**FOR BROWN DOG TICKS IN PREMISES:** Treat behind baseboards, cracks and around edge of infested rooms. Treat sleeping quarters of household pets - old bedding should be replaced with new after treatment. Do not treat pets or other animals. Repeat as often as necessary.

Do not use in edible products area of food processing plants, restaurants or other areas where food is commercially prepared. Do not use in serving areas while food is exposed.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
