ABFEX AEROSOL SPRAY DIRECTIONS FOR USE

Shake Well Before Using

Remove cap, hold container upright with nozzle away from you. Press valve down and spray as directed.

FOR CONTROL OF HOUSEHOLD INSECTS

To control flying insects, such as house flies, mosquitoes, and gnats, shut doors and windows and spray room at the rate of 5 to 6 seconds per 1000 cubic feet of space. Keep room closed for at least 15 minutes after spraying.

To kill roaches and silverfish, spray directly into cracks, crevices and other secluded places. Particular attention should be given to spraying around baseboards, book-cases, shelves, and other storage areas if silverfish are a problem. Repeat as necessary.

To kill ants, spray directly on insects, ant trails, and other congregating areas. Thorough spraying or treatment of door sills and window frames is very important. Repeat as necessary.

Avoid direct spraying of foods.

FOR USE AS AN AREA REPELLENT

To kill and repel mosquitoes and house flies outdoors, a general misting of the area when the air is quiet, should be sufficient to reduce the number of annoying insects during meals. If flies and mosquitoes tend to congregate in a given area, it should be sprayed directly upon them. Spray as often as necessary during outdoor barbecuing. It may be sprayed on the grill and tables, but do not spray directly on food.

THE ABCO AEROSOL PLUS — All Abco Aerosols use non flammable fluorinated gas combinations for propellant purposes.

CAUTION

Cover fishbowls while spraying. Do not puncture container or store at temperatures above 120°F. Harmful or Fatal if Swallowed. Do not induce vomiting. Call a Physician immediately. Do not store, pour, or spray near fire or flame. Contents

MANUFACTURING CHEMISTS

ABFEX

Insecticide Aerosol Spray

FAST KNOCKDOWN AND KILL

Kills D.D.T. resistant flies.

ACTIVE INGREDIENTS

Pyrethrins	0.2%
Technical Piperonyl Butoxide*	1.0%
Petroleum Distillates	18.8%
INERT INGREDIENTS	80.0%
	<hr/>
	100.0%

*Equivalent to 0.8% of (butylcarbityl) (6-propylpiperonyl) ether and 0.2% of related compounds.

CAUTION

Contains Petroleum Distillates
Keep Out of REACH of CHILDREN

(Refer to back panel for additional cautions)
