STRIKE IT

TO TREAT SHRUBBERY, LAWNS, WOOD AND SCRUB GROWTH AREAS

For this application around homes, resort areas, parks, industrial plants, hospitals and other areas, apply at the rate of 1¼ gallon to 7½ quarts per acre as a fog or mist for best results. Use the 7½ quart rate where shrubbery is dense.

Do not spray on food or feed crops. Repeat as often as necessary to obtain control.

USE IN AIR OR JET PROPELLENT THERMAL FOG MACHINES

Operate unit so as to produce a dry fog to treat shrubbery, lawns, wood and scrub growth areas.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

CAUTION

Harmful if swallowed. Contact with skin can cause toxic symptoms. Avoid inhalation and skin contact. In case of spillage on skin wash with soap and water. Do not contaminate foodstuffs and feed. Do not use on household pets or humans. Do not use on dairy animals, in dairy barns, creameries, or on pastures where dairy or beef cattle graze. Do not use on domestic animals or directly on polished, painted or varnished surfaces. Do not use concentrations stronger than provided in the directions to avoid damage to plants and animals. Keep all unprotected persons out of the operating area or vicinity where there may be danger of drift.

Keep in warm place. Agitate contents thoroughly before using. If container has been exposed to cold, warm product up gently (not above 120°F.) and agitate thoroughly before use. Store in tightly sealed container. Do not pour, store or spill near fire or flame. Do not smoke while spraying.

This product is toxic to fish. Keep out of lakes, streams and ponds. Apply only as specified. Rinse equipment and containers and dispose of wastes by burying in non-crop lands away from water supplies. Containers should be disposed of by punching holes in them and burying with wastes or by burning (keep out of smoke).
