SCAN-X

SURFACE DISINFECTANT - DEODORIZER - AIR REFRESHENER
 SCAN-X is an aerosol surface disinfectant that can be used for disinfecting environmental surfaces, deodorizing, and as an air refreshener in hospitals, institutions, nursing homes, offices, schools, motels and hotels. When used as directed SCAN-X will kill *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa*. SCAN-X provides surface disinfection as needed particularly in hospitals. SCAN-X disinfects environmental surfaces and deodorizes floors, walls, bed frames, bed pans, telephones, door knobs, cabinets, refrigerators, night switches, bed springs, diaper pails, instrument trays, examining tables, toilet seats, urinals, sink tops and drain boards, furniture, fixtures, garbage pails, desk tops, bathtubs and empty hampers. Germicidal activity kills most odor producing organisms. Do not use on polished wood furniture or rayon fabrics.

DIRECTIONS

For Deodorizing and as an Air Refreshener, point spray upwards to center of room and spray for three (3) seconds. Reduces the hazards from airborne bacteria.

For Disinfecting Environmental Surfaces, first remove gross filth and heavy soil deposits from surface to be treated. Hold container six (6) inches from surface and spray until completely wet.

WARNING!

Do not store or expose to temperatures above 120°F. Avoid contact with food. Avoid prolonged or repeated breathing of spray mist. Avoid prolonged or repeated skin contact. Do not contaminate or store near feed or foodstuffs. Contents under pressure. Store away from heat. Do not puncture or dispose of empty container in fire. Do not use near fire or open flame. Use only as directed.

INTENTIONAL MISUSE by deliberately inhaling contents can be harmful or fatal.
