

COASTAL

**DIRECTIONS FOR USE**

Use Only a Clean Dry Spoon or Scoop  
Made of Metal, Ceramic, Plastic or  
Glass

Use 2 teaspoons of Clor-Kare powder  
per 1000 gallons of water. Distribute  
required amount daily over water  
surface. If desired Clor-Kare may be  
stirred into a sprinkler can or pail of  
water, allowed to settle for several  
hours and the clear liquid spread  
over the pool. During extreme heat  
or with heavy bather load, add prop-  
er amount of powder every 2 hours.  
Test water at regular intervals using  
a COASTAL TEST KIT (available at  
your dealer) to insure required chlorine  
content of .6 to 1.0 ppm.

U.S.D.A. Reg. No. 4829-9.

## CHEMICAL PROPERTIES

### Active Ingredient:

Calcium Hypochlorite 70%

Inert ingredients 30%

Because this product contains over 10% available chlorine, we must by law label it "Poison." Recommended solutions are not classified as poisonous.

### POISON

**Antidote:** Call physician. External wash with water. Internal: drink raw egg white, milk or rice gruel. Follow with emetic (tablespoon of mustard in glass of warm water).

**Measure with clean, dry spoon. Store in cool, dry place. Keep closed when not in use. Keep out of children's reach. Keep away from heat, fire and combustible materials.**

**CAUTION:** Irritating to skin, eyes and lungs unless used as directed.

### WARNING: Strong Oxidizing Agent

Contact with heat, friction moisture, foreign materials or contamination from any source, may result in fire. Never mix with other materials. Harmful if swallowed. Avoid contact with skin and eyes.
