

COASTAL

clor-kare TABLETS

DIRECTIONS FOR USE

Use Only a Clean, Dry Spoon or Scoop
Made of Metal, Ceramic, Plastic or
Glass

Use 4 tablets per 1000 gallons of
water. When completely dissolved,
tablets provide recommended chlorine
residual. During extreme heat or with
heavy bather load, add proper number
of tablets every 2 hours. Test water
at regular intervals using a **COASTAL
KIT** (available at your dealer) to insure
required chlorine content of .6 to
1.0 p.p.m

Place proper number of **Clor-Kare** tab-
lets in dispensing basket, sold for this
purpose, and immerse below water
surface.

CHEMICAL PROPERTIES

Active ingredient
 Calcium Hypochlorite 70%
 Inert ingredients 30%
 Net Weight 4 Lbs.
 Contains 1.4 Lbs. of active Calcium Hypochlorite

POISON

Get medical attention immediately. If swallowed, drink large quantities of water. If in eyes, flush with water. If on skin, wash with soap and water. Follow with emetic (tablespoon of mustard in glass of warm water).

Measure with clean, dry spoon. Store in cool, dry place. Keep closed when not in use. Keep out of children's reach. Keep away from heat, fire and combustible materials.

CAUTION: Irritating to skin, eyes and lungs unless used as directed.

WARNING: Strong Oxidizing Agent

Contact with heat, friction moisture, foreign materials or contamination from any source, may result in fire. Never mix with other materials. Harmful if swallowed. Avoid contact with skin and eyes.
