

ACTIVE INGREDIENT:

Dodecylbenzyl trimethyl ammonium chloride....7.5%
INERT INGREDIENTS.....92.5%
Total 100.0%

KEEP OUT OF REACH OF CHILDREN

ANGER

AVOID CONTAMINATION OF FOOD. AVOID CONTACT
WITH SKIN AND EYES.

See additional precautions and statement of
practical treatment on back panel.

NET WEIGHT: 4 POUNDS AVDP.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with
its labeling.

Algae and slime may be effectively controlled by using 4 Cal Jet Tablets (2/3 oz.)
per 1,000 gallons of pool water every three days. In hot, sunny weather, use this
dosage every two days. For the first treatment, use 32 Cal Jet Tablets (5-1/3 oz.)
for every 1,000 gallons of water. Each time the system is drained and refilled,
repeat initial dose.

Cal Jet Tablets may be placed in the pool in a Coastal Dispenser, or directly into
top water skimmer.

Six Cal Jet Tablets weigh one ounce. To gauge pool capacity, one cubic foot is about
7-1/2 gallons.

CHEMICAL PROPERTIES

Coastal Cal Jet Tablets will control most algae formation and prevent new growth in
all types and sizes of swimming pools. They are an outstanding aid in doing away
with scumming, slime and discoloration, and will help eliminate and prevent odors
from confined water. They work most effectively at pH levels over 7.2.

Cal Jet Tablets may be used with all types of equipment, and they are fully compatible
with all other Coastal Pool Chemicals. Do not reuse container, destroy when empty.

CAL JET ALGAECIDE TABLETS USE CHART FOR EVERY 3 DAYS

POOL SIZE	8' x 20"	10' x 30"	12' x 36"	15' x 48"	18' x 48"	24' x 48"
GALLON CAPACITY	650	1,475	2,550	5,300	7,600	13,500
TABLETS	3	6	11	22	31	54

DANGER: Keep out of reach of children. Cause eye and skin irritation. Do not get in
eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for
at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing
before reuse.

If swallowed, promptly drink a large quantity of milk, egg whites, gelatin solution, or
if these are not available, drink large quantities of water. Avoid alcohol. Call a
physician.

This product is toxic to fish. Treated effluent should not be discharged where it will
drain into lakes, streams, ponds or public waters. Apply product only as specified on
label.
