

Iso Clor®

super stabilized

chlorinating
powder

bactericide · algaecide · disinfectant

ACTIVE INGREDIENTS:

Potassium dichloro-s-triazinetrione.....	60.0%
Alkyl(58%-C14,28%-C16,14%-C12) dimethyl benzyl ammonium chloride.....	1.0%
INERT INGREDIENTS.....	39.0%
Total	100.0%

NET WEIGHT: 7-3/4 lb. AVDP.

KEEP OUT OF REACH OF CHILDREN
DANGER

AVOID CONTAMINATION OF FOOD

See back panel for additional precautions

DIRECTIONS FOR USE

Iso Clor Powder is to be used as a disinfectant and algae control in pool water. For initial treatments of swim ppols free of visible algae growth, use 7 ounces of Iso Clor by weight per 10,000 gallons of water repeated daily for a period of 4 to 6 weeks. For subsequent use, add 3-1/2 ounces of Iso Clor daily per 10,000 gallons of water or as needed as determined by a chlorine test kit to maintain a 0.7 to 1.0 ppm (part per million) residual chlorine. Check water for chlorine content at regular intervals. During extreme heat or with heavy bather load, water should be checked every 2 hours. Maintain a pH level of 7.2 to 7.6 for best results. For use in wader or splasher pools the recommended dosage is at the rate of 1/2 ounce of Iso Clor Powder per 750 gallons every day.

ISO CLOR CHLORINATING POWDER DAILY NORMAL MAINTENANCE DOSAGE CHART

Pool Size	8'x20"	10'x30"	12'x36"	15'x48"	18'x48"	24'x48"
Gallons	650	1475	2550	5300	7600	13500
Dose Wt.	1/4 oz.	1/2 oz.	1 oz.	2 oz.	3 oz.	5 oz.

CHEMICAL PROPERTIES

Contains 35% available chlorine-19.5% available Na₂O-3.2% available P₂O₅

EASILY SOLUBLE IN ALL POOL WATER
NO ACID OR ALKALI BUILDUP
LONG-LASTING CHLORINE RESIDUAL
FORTIFIED WITH WATER SOFTENERS

DANGER

Measure with a clean, dry spoon or scoop. Store in a cool, dry place. Keep away from heat, fire, combustible materials, and organic matter. Keep container closed when not in use.

Do not get in eyes or on skin. May cause burns or damage to the eyes. May cause irritation. Wear goggles or face shield when handling. In case of contact, immediately flush eyes or skin with fresh water for at least 15 minutes. For eyes, get medical attention. Avoid breathing dust. May be fatal if swallowed. May decompose with evolution of chlorine and equally toxic gases.

Not Reviewed. Registrant to be in accordance with
Registration of Pesticides and Fungicides for Phase 2
Pesticides, Fungicides and Plant Growth Regulators in Status.
