DIRECTIONS FOR USE

Iso Chlor Big Tablets are to be used as a disinfectant and algae control in pool water. For initial treatments of swim pools free of visible algae growth, use 1 Tablet of Iso Chlor per 7,500 gallons of pool water. Repeat dosage only if chlorine residual drops below 0.6 ppm. (parts per million), as determined by chlorine test kit. For subsequent use, add 1 Tablet per 7,500 gallons of water every other day or as needed as determined by chlorine test kit to keep chlorine residual over 0.6 ppm. (parts per million), at all times. Check water for chlorine content at regular intervals. During extreme heat or with heavy bather load water should be checked every 2 hours. Maintain a pH level of 7.2 to 7.6 for best results. One Iso Chlor Big Tablet weighs 5-1/3 ounces. Not recommended for wader and splasher pools.

DANGER

Measure with clean, dry spoon or scoop. Store in cool, dry place. Keep away from heat, fire, combustible materials, and organic matter. Keep closed when not in use. Do not get in eyes, on skin or on clothing. May cause burns or damage to the eyes. May cause irritation. Protect eyes when handling. In case of contact, immediately flush skin or eyes with fresh water for at least 15 minutes. For eyes get medical attention. Avoid breathing dust. May be fatal if swallowed. May decompose with evolution of chlorine and equally toxic gases. This product is toxic to fish. Do not discharge effluent into lakes, streams or ponds. Apply this product only as specified on this label. Do not reuse container. Rinse thoroughly clean with water before discarding.
FIRST AID: Call physician. For eye contact, flush with water. For skin contact, wash with soap and water. For ingestion, drink water, egg white, milk or ice cream.

CHEMICAL PROPERTIES

Contains 36% Available Chlorine - 21.9% sodium as Na₂O - 4.3% phosphorus as P₂O₅
EASILY SOLUBLE IN ALL POOL WATER
NO ACID ALKALI BUILD-UP
LONG-LASTING CHLORINE RESIDUAL
FORTIFIED WITH WATER SOFTENERS
