Net Weight: 1 lb. 7 oz. (23 oz.) 652 grams

[illegible]

DANGER - This material is extremely flammable and may cause severe eye irritation. Use only in well-ventilated areas. Avoid contact with skin and eyes. If contact occurs, flush immediately with water for at least 15 minutes. Store in a cool, dry place away from heat and open flames. Do not dispose of in the trash. Follow local regulations for hazardous waste disposal.

FIRST AID: In case of skin contact, flush immediately with water. In case of eye contact, flush eyes with water for 15 minutes. In case of inhalation, move to fresh air. In case of ingestion, do not induce vomiting. Seek medical attention immediately. For more information, contact the manufacturer or your local health department. For more information, contact the manufacturer or your local health department.

NOTE TO PHYSICIAN: • This is a self-administered test. • The test is not intended to be used as a sole basis for diagnosis. • The test is not intended to be used as a sole basis for treatment.

For the first time, the authors have shown that the β -phase of the Fe_2O_3 film is the thermodynamically stable phase at the low temperature of 100°C. The β -phase is the only phase that can be formed by the oxidation of Fe^{2+} at low temperature. The β -phase is the only phase that can be formed by the oxidation of Fe^{2+} at low temperature.

1. The authors are grateful to the Ministry of Education of the Russian Federation for the financial support of the work.

Coastal Chemical Co.
Div. of Coastal Industries
190 Jony Drive
Carlstadt, NJ 07072

Attention: Mr. S. Silverman

Gentlemen

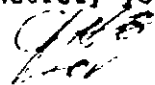

Subject: Coastal Winter Tablets "G"
EPA Registration No. 4829-46
Application Dated April 24, 1984

The change in the tablet size from 5.75 oz. to 4.6 oz. and increasing the amount of tablets used for each application from 4 tablets to 5 so that the total weight used will remain the same, is acceptable.

The revised label agrees with the Confidential Formula and is acceptable. The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

At the next printing of the labeling change: (1): "Important Note: Remove this bag before using," to "Important Note: Remove this bag immediately before using," and (2) "This product is toxic" to "This pesticide is toxic."

Sincerely yours,

John H. Lee
