<p>NAME AND ADDRESS OF REGISTRANT (Include ZIP code)</p> <p>Coastal Industries, Inc. 190 Jony Drive P.O. Box 0817 Carlstadt, NJ 07072</p>			
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p>			
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the General Registration Standard - "Guidance for the Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the Sole Active Ingredient"--issued February 1986 and revised April 1986, EPA has reregistered the product listed above in accordance with FIFRA section 3(g).</p> <p>Your amended label has been stamped approved and a copy is enclosed. You must incorporate any comments noted on your label. This label must be on products released for shipment within 1 year or by the next label printing, whichever occurs first. This label must also appear on all supplemental registrations within a year of this Notice of Reregistration or at the next label printing, whichever occurs first.</p> <p>Your product meets the criteria for reregistration under this Standard. Failure to comply with this Standard may result in the Agency's issuance of a Notice of Intent to Cancel the registration under FIFRA section 6(b)(1).</p> <div style="text-align: right;">  Jeff Kemper Product Manager (32) Disinfectants Branch Registration Division (TS-767C) </div> <div style="border: 1px solid black; padding: 5px; width: fit-content; margin-top: 10px;"> BEST AVAILABLE COPY </div> <p>Enclosure</p> <p><input type="checkbox"/> ATTACHMENT IS APPLICABLE</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 70%; padding: 5px;">SIGNATURE OF APPROVING OFFICIAL</td> <td style="width: 30%; padding: 5px;">DATE</td> </tr> </table>		SIGNATURE OF APPROVING OFFICIAL	DATE

IN EPA REGISTRY

08 SEP 1987

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, this pesticide
registered under EPA Reg. No.
4839-67

BACK PANEL

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Boost Pool Shock should be used at spring start-up, once-a week, or as necessary to eliminate discomforting irritation due to formed chloramines in the pool and to control algae. Prior to using Boost, adjust the pH of the pool water using Coastal pH Minus or pH Plus in accordance with label directions. Maintain the pH in the range of 7.2-7.6. Add 1-2 oz. of Boost per 1,000 gallons of pool water to yield an available chlorine residual of 5-10 ppm. Boost should be sprinkled over an extensive area of pool water surface, added through a skimmer, or pre-dissolved with the dissolved solution poured over a wide area of the pool surface. Allow the chlorine residual to drop to 1-3 ppm, prior to re-entering the pool. If algae growth is present, brush affected areas with a stiff bristle broom. For winterizing use, add 0.6 oz. of Boost per 1,000 gallons of pool water, while pool is still clean and clear. Run filter for at least 2 hours. Follow manufacturers closing instructions.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, chlorine gas (and possible fire and explosion). In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water, if necessary.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID: If contact with eyes occur, flush with cold water for at least 15 minutes. Get Medical Attention. If contact with skin occurs, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. If swallowed, feed bread soaked in milk, followed by olive oil or cooking oil. DO NOT induce vomiting. Call a physician immediately.
