

Algaecide Liquid

ACTIVE INGREDIENTS:

n-Alkyl(60%C14,30%C16,5%C12,75%C18)dimethyl benzyl ammonium chloride.....	4.2%
n-Dialkyl(60%C14,30%C16,5%C12,5%C18)methyl benzyl ammonium chloride.....	0.8%
INERT INGREDIENTS.....	95.0%
Total	100.0%

KEEP OUT OF REACH OF CHILDREN
DANGER

See back panel for additional precautions and statement of practical treatment.

NET CONTENTS: 1 GAL. (128 fl. oz.) 3.785 l

CHEMICAL PROPERTIES

Coastal Algaecide Liquid is an outstanding algae growth depressant in all types and sizes of pools. Helps eliminate and prevent odors from confined water. Coastal Algaecide Liquid is fully compatible with alkalizing and flocculating agents normally used in swimming pools and is relatively non-corrosive to rubber and metals. It may be used with all types of equipment. Works most effectively at pH levels over 7.0. Highly concentrated.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Algae and algal slime may be effectively controlled with initial dose of one gallon of Algaecide Liquid per 25,000 gallons of water. Visible algae growth will require vacuuming to remove algae debris. If visible algae is still present or reappears, repeat initial dose. For subsequent treatments, use one quart of Algaecide Liquid for each 25,000 gallons every 5 days. For initial treatment of small pools, use one pint to 3,000 gallons of water or one cup to 1,500 gallons. Algaecide Liquid should be added to the pool at various points or added through the filter. Each time the pool is drained and refilled, repeat initial dose. Add one quart of Algaecide Liquid for each 5,000 gallons of make-up water. See Use Chart below for maintenance dose. To sanitize walls, locker rooms and other areas surrounding swimming pool, use a solution of 2 oz. Algaecide Liquid to 2-1/2 gallons of water. Apply with a clean mop, sponge or cloth.

ALGAECIDE LIQUID MAINTENANCE DOSE EVERY 5 DAYS

POOL SIZE	GALLON CAPACITY	DOSE VOLUME	POOL SIZE	GALLON CAPACITY	DOSE VOLUME
8' x 20"	650	1 oz.	15' x 48"	5,300	7-1/2 oz.
10' x 30"	1,475	2-1/4 oz.	18' x 48"	7,600	11 oz.
12' x 36"	2,550	3-1/4 oz.	24' x 48"	13,500	19 oz.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Keep Out of Reach of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food. Remove and wash contaminated clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call physician. If skin irritation persists, get medical attention. If swallowed, promptly drink large quantities of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES permit. For guidance, contact your regional office of the E.P.A.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap container and put in trash.
