ACTIVE INGREDIENTS:

Alkyl(C14-60%, C12-25%, C16-15%)dimethyl benzyl ammonium chloride.....	20.0%
INERT INGREDIENTS.....	80.0%
	<u>100.0%</u>

NET CONTENTS: 1 Quart (.946 liters)

Deodorizer for conditioning swim pool water

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Pour this product directly into pool water just prior to putting on pool cover for the winter months. The entire contents of this bottle (one quart) will effectively treat and control odors in the swim pool water during the winter months for pools up to 18' x 48" (7,650 gallons).

For treatment of pools over 18' x 48" and up to 24' x 48" (13,600 gallons) use two quarts.

CHEMICAL PROPERTIES

Pool Deodor is designed to control unpleasant odors that can develop in swim pools covered for winter months by inhibiting the growth of odor causing bacteria and algae. In the Spring, any residual Pool Deodor in the water will not adversely affect the action of pool chemicals added to prepare the water for the swimming season. This product is not an antifreeze product.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: KEEP OUT OF REACH OF CHILDREN. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, promptly drink a large quantity of milk, egg whites or gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
