US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 4829-105	<b>08 SEP 1987</b>
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)		
NAME OF PESTICIDE PRODUCT Super Chlor Tabs		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Coastal Industries, Inc.  
 190 Jony Drive  
 P.O. Box 0817  
 Carlstadt, NJ 07072

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the General Registration Standard - "Guidance for the Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the Sole Active Ingredient"--issued February 1986 and revised April 1986, EPA has reregistered the product listed above in accordance with FIFRA section 3(g). EPA has also reviewed your response to the Sanitizer Label Improvement Program issued July 25, 1986 and has determined that your product is in compliance with the program.

Your amended label has been stamped approved and a copy is enclosed. You must incorporate any comments noted on your label. This label must be on products released for shipment within 1 year or by the next label printing, whichever occurs first. This label must also appear on all supplemental registrations within 1 year of this Notice of Reregistration or at the next label printing, whichever occurs first.

Your product meets the criteria for reregistration under this Standard. Failure to comply with this Standard may result in the Agency's issuance of a Notice of Intent to Cancel the registration under FIFRA section 6(b)(1).

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Coastal Super Clor Tabs are a concentrated chlorine agent in a dry, free-flowing form. Super Clor Tabs control the growth of algae and effectively kill many bacteria, thereby helping to keep the pool in sanitary condition. Use clean, dry scoop to handle Super Clor Tabs. Four tablets weigh approximately 1 ounce.

READ PRECAUTIONARY STATEMENTS BEFORE USE!

**INITIAL CHLORINATION:** For new pools, spring start-up or superchlorination, add 4-8 Super Clor Tabs per 1,000 gallons of pool water to yield 5-10 ppm available chlorine. After 2 hours, use a Coastal Test Kit to determine the chlorine residual. If below 1.0 ppm (parts per million), repeat dosage until 1-3 ppm is obtained. For best results, use a floating dispenser or add tablets to a surface skimmer. DO NOT THROW TABLETS DIRECTLY INTO POOL. DO NOT ALLOW TABLETS TO CONTACT STEEL OR PLASTIC POOL LINERS. Do not enter pool until chlorine residual is between 1.0 to 3.0 ppm.

**ROUTINE CHLORINATION:** Add 8 Super Clor Tabs per 10,000 gallons of pool water through a floating dispenser or top water skimmer to yield an available chlorine residual of 0.6-1.0 ppm by weight. Stabilized pools should maintain a chlorine residual of 1.0-1.5 ppm. Using a Coastal Test Kit as a guide, maintain the pH of the pool water at 7.2 to 7.6. If the pH is below 7.2, add Coastal pH Plus in accordance with label directions. If the pH is higher than 7.6, lower the pH with the addition of Coastal pH Minus, following label directions. The frequency of water treatment will depend upon temperature, bather load and amount of water flow.

**SUPERCHLORINATION:** Once a week, or if algae is present, superchlorinate pool water by adding 4-8 tablets per 1,000 gallons of pool water. Thoroughly clean pool by scrubbing surface of algae growth. Then vacuum and cycle through filter. Pool should not be entered until chlorine residual returns to 1-3 ppm.

TO DETERMINE POOL CAPACITY (IN U.S. GALLONS)

Rectangular or Square Pools - Multiply length x width x average depth (all in feet) x 7.5 = Gallons

Circular Pools - Multiply diameter x diameter x average depth (all in feet) x 5.9 = Gallons

Oval Pools - Multiply length x width x average depth (all in feet) x 6.6 = Gallons

4/5

WINTERIZING: While water is still clean and clear, add 3 Super Clor Tablets per 1,000 gallons of pool water, while filter is running. Cover and close pool in accordance with manufacturers instructions.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before use.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, chlorine gas (and possible fire and explosion). In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water, if necessary.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID: If contact with eyes occurs, flush with cold water for at least 15 minutes. Get Medical Attention. If contact with skin occurs, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. If swallowed, feed bread soaked in milk, followed by olive oil or cooking oil. DO NOT induce vomiting. Call a physician immediately.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waterways unless in accordance with a NPDES permit. For guidance, contact the regional office of the U.S. Environmental Protection Agency.

STORAGE AND DISPOSAL

Keep this product dry in a tightly closed container, when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Do not reuse empty container. Wrap container and put in trash.
