

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 4829-118	DATE NOV 1982
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	TERM OF ISSUANCE NAME OF PESTICIDE PRODUCT COASTAL 1" MINI CHLORINATING TABLETS	
NAME AND ADDRESS OF REGISTRANT (Include ZIP code) COASTAL INDUSTRIES, INC. 190 Jony Drive P.O. Box 0817 Carlstadt, NJ 07072		
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act. A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This registration notice is being issued in accordance with Section 3(c)(7)(A) of the FIFRA subject to the following conditions.		
(1) It is understood that you will submit and/or cite all data required for registration or re-registration of your product under Section 3(c)(5) of the FIFRA when the Agency requires all registrants of similar products to submit such data.		
(2) You will submit two copies of your finished printed labels complying with the requirements or revisions specified in the attachment to this registration notice. These labels must be submitted to the Agency before the product is released for shipment as required by PR Notice 82-2, of June 18, 1982.		
A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If the conditions are not complied with, the registration will be subject to cancellation in accordance with Section 6(e) of the FIFRA.		
Sincerely yours,  Jeff Kemper Acting Product Manager #32

ATTACHMENT TO EPA REGISTRATION NOTICE

EPA Registration No. 4829-118 Date Issued 14 NOV 1987

Company Name COASTAL INDUSTRIES, INC.

Product Name COASTAL 1" MINI CHLORINATING TABLETS

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 4829-118. This registration is being issued with the understanding that the derivative of cyanuric acid which is contained in this product is under scrutiny for potential adverse effects to human. There may be some regulatory actions directed against all registered products containing this chemical as an active ingredient at some time in the future.
2. Two copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
3. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Coastal Mini Chlorinating Tablets disinfect and control algae growth in pool water. When starting up a re-opened or freshly filled swimming pool, make sure that the filtration system is clean and operating properly. Then adjust and maintain the pH in the range of 7.2-7.6 with Coastal pH Plus or Coastal pH Minus in accordance with their label directions. Superchlorinate with either Coastal Boost Shock Treatment or Iso Chlor Powder to establish a positive free chlorine residual of 1.0-2.0 parts per million (ppm). Note: Do Not enter the pool until chlorine residual falls below 2.0 ppm. Raise the cyanuric acid level, if necessary, to 30 ppm with the addition of Coastal Chlorine Stabilizer.

To maintain chlorine residual in the 1.0-2.0 range, use 3½ oz. Coastal Mini Tabs weekly per 6,000 gals of pool water. These tablets may be added directly to a top water skimmer or placed in a floating dispenser. This dosage may vary in accordance with temperature, bather load and amount of water flow. During extreme heat or with heavy bather loads, water should be checked every 2 hours. Maintain a pH of 7.2-7.6 for best results.

One tablet weighs approximately 1½ oz. (14g). Tablets should not be thrown directly into the pool.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Keep Out of Reach of Children. Corrosive. Causes eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Irritating to nose and throat. Avoid breathing dust. May cause burns to broken skin. Wash hands after handling.

PHYSICAL AND CHEMICAL HAZARDS

DANGER: STRONG OXIDIZING AGENT. Add only to large volumes of water. Contamination by moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. Decomposes at 350° - 475°F with liberation of harmful gases. In case of decomposition, if possible, isolate container in open air or well ventilated area. Flood with large amounts of water. DO NOT MIX WITH ANY OTHER CHEMICAL.

PRACTICAL TREATMENT

FIRST AID: If swallowed, feed gruel, cooked cereal or bread soaked in milk, followed by olive oil or cooking oil. Get Medical Attention. In case of personal contact, remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes, get Medical Attention. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public waters. Do not contaminate water by cleaning of equipment or disposal of wastes.

STORAGE AND DISPOSAL

Store in a cool, dry, well ventilated area away from heat or open flame. Do not reuse container. Rinse thoroughly before discarding in trash. Securely wrap original container in several layers of newspaper and discard in trash.
