<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p>	
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p>	
<p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>	
<p>This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p>	
<ol style="list-style-type: none"><li>1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.</li><li>2. Add the phrase "EPA Registration No. 4829-119" to your label before you release the product for shipment.</li><li>3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.</li></ol>	
<p>If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.</p>	
<p>A stamped copy of the label is enclosed for your records.</p>

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Coastal Winter Chlor 35 Long Lasting Chlorinating Tablets are to be used to help control, by disinfectant and algaestatic action, swim pool odors and algae during winter months. Each tablet weighs approximately 5-1/3 oz. Each 3 tab basket of Winter Chlor 35 Chlorinating Tablets treat up to 8,500 gallons of water. They are intended to slowly meter chlorine into pool water. In order to obtain its maximum effect, use as follows:

1. Remove all debris from pool by skimming surface, running filter and vacuuming foreign particles from bottom of pool.
2. Superchlorinate with Coastal Boost Pool Shock Treatment or Iso Chlor. Continue running filter pump. When the free chlorine residual reduces to 1 - 3 parts per million, add Coastal Winter Aid while walking around the edge of the pool. Then remove the 3 tab basket(s) of Winter Chlor Long Lasting Chlorinating Tablets from their plastic bag(s), and drop basket(s) into water toward the center of the pool.
3. Drain any water from the filter and pool piping to prevent freezing. Disconnect filters, pipes, chlorinators, lights, etc.
4. Cover the pool with a Winter Pool Cover.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal the container. If possible, isolate container in open air or well ventilated area. Flood with large volume of water, if necessary.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES permit. For guidance, contact the regional office of EPA.

PRACTICAL TREATMENT

FIRST AID: If swallowed feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately. If on skin, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. If in eyes, flush with cold water for at least 15 minutes. Get medical attention.

STORAGE AND DISPOSAL

Keep product dry, in sealed container when not in use. Store in cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Do not reuse baskets or poly bag. Wrap container and put in trash.
