**SK-SUREKILL BRAND  
PYRETHRIN PLUS  
LIVESTOCK SPRAY**

WITH VAPONA

4866-3

**DIRECTIONS FOR USE**

This LIVESTOCK SPRAY is a dual-purpose formulation designed to protect animals, including dairy and beef cattle, from attacks of biting flies in the barn and on pasture, as well as to function as an effective space spray for quick knockdown and kill of flies in the barn.

**Animal Spray:** To protect animals against the attacks of stable flies, horn flies, mosquitoes and gnats, apply just enough to wet the ends of the hairs but not enough to soak the hide. One to two ounces is enough to treat an adult cow. Apply once daily, preferably in the morning, for protection during the day. Repeat at daily intervals, or as necessary for continued protection. Do not apply in excess of two fluid ounces per animal per day.

**Space Spray for Barn Fly Control:** To attain quick knockdown and kill of flies, gnats and mosquitoes in enclosed spaces, spray toward the ceiling and corners until the space is filled with a light mist. Apply at the rate of one quart 0.5% solution per 1000 square feet. Do not treat animals or humans. Do not contaminate water, feed or foodstuffs, milk or milking utensils. Do not use this solution in areas where animals have received direct application within 8 hours. For best results, close all windows and doors prior to spraying and keep them closed for 10 to 15 minutes after spraying.

**CAUTION:**

*Harmful if swallowed, inhaled or absorbed through the skin. Wash thoroughly with soap and water after handling and before eating or smoking. Do not contaminate feed, water or foodstuffs. Keep out of reach of children. Avoid prolonged breathing of spray mist.*

*Harmful if swallowed. Consult physician immediately.*

*Do not spray on or near open flame. Store in a cool place. Keep container tightly closed.*

**KEEP OUT OF REACH OF CHILDREN.**

PYRETHRIN + VAPONA - DOUBLE ACTION - KILLS - REPELS

**SUREKILL BRAND
