

ACCEPTED
MAR 25 1992
 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 4866-11

March 1992, EPA Registration
 16-oz Powder - label wraps around cylindrical shaker can

PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals

WARNING

Causes eye irritation. Do not get in eyes, on skin, or on clothing. Wear goggles, face shield, or safety glasses. Avoid inhalation of dust. Harmful if swallowed. Wash contaminated skin with soap and water. In case of eye contact, flush eyes with plenty of water. Get medical attention.

Environmental Hazards

Keep out of lakes, streams or ponds. Do not contaminate water by cleaning, rinsing or disposal of waste.

● **RECOMMENDED PLANTS:**

See other panels for general directions.

● **Yew, Scotch Pine, Arborvitae, Douglas Fir, Flowering Crabapple, Hemlock, Honeysuckle, Azalea, Rhododendron:**

For large trees, apply only to lateral branches within animal's reach. Repeat as needed.

● **Ornamental Shrubs:**

DEER-AWAY is not recommended for use during bud break or flower bloom, as foliage injury and petal drop may occur.

● **Conifer Seedlings:**

To protect young seedlings from winter browsing, apply repellent before onset of browsing. To protect against spring browsing of new growth, treat wet seedlings after bud break and before new shoots exceed 1" in length.

● **Fruit and Citrus Trees:**

For use on bearing and non-bearing trees. Use only when trees are dormant, not when newly growing.

● **Deciduous Trees:**

Do not apply within 30 days of harvest.

● **Not approved for use on edible crops.**

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in original container in a cool, dry storage area inaccessible to children & pets. Keep container closed.

Pesticide Disposal: Wastes resulting from use of product may be used on site or at approved disposal facility.

Container Disposal: Completely empty container. Then dispose of empty container in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

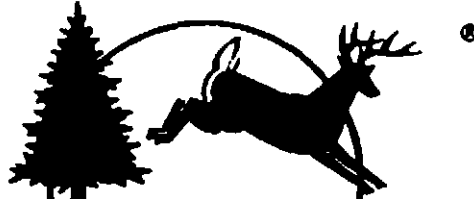

Manufactured by

IntAgra, Inc.
 8500 Pillsbury Ave. So
 Minneapolis, MN 55420

EPA Reg 4866-11, EPA Est 4866-M61-01.

**STOPS DEER DAMAGE
 GUARANTEED***

DEER-AWAY
Big Game Repellent

POWDER BGR®- P
Ready to Use

For repelling black-tailed deer (mule deer), white-tailed deer and Roosevelt elk that browse or uproot conifer seedlings.

Also repels white-tailed deer from listed ornamentals, almond, fruit and citrus trees.

Treats 60-72 ornamental shrubs 4 feet high

Net Weight 16-oz

**KEEP OUT OF REACH
 OF CHILDREN
 WARNING**

See other panel for additional precautionary statements

ACTIVE INGREDIENT:

Deer Repellent Lactidible Egg Solids: 36.00%
 Inert ingredients: 64.00%
Total: 100.00%

● **DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Use when plants are **MOIST:** Apply a light dusting when plant is moist during light rain, soon after rain or heavy dew, or after light misting of dry plants with suitable water sprayer. Apply to those parts of plant to be protected from browsing. Do not over-apply since excess powder will fall to ground.

To protect against spring browsing of new growth, apply upon onset of browsing, but preferably after bud break and before new shoots exceed 1" in length.

Do not re-treat new growth.

- **METHOD OF APPLICATION:** Before applying, read and understand instructions.

- To treat plants in the field: Using a suitable shaker duster, apply a light dusting of powder to plants. Too heavy a dusting will cause repellent to slide to the ground where it will not be an effective deterrent to browsing. If only the terminal whorl is to be treated, apply approximately one gram. Do not allow the powder in the applicator to become wet, as plugging may result.

- To treat plants in nursery or field just before out-planting: Using one bundle of conifer seedlings at a time, briefly immerse seedling tops in a bucket of water, then dust wet tops lightly with DEER-AWAY POWDER, striving to deposit some repellent on each seedling. Proceed with planting as usual.

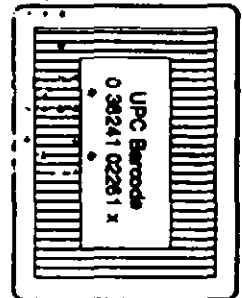

*** LIMITED GUARANTEE:**

IntAgra guarantees to you, the original purchaser, that DEER-AWAY will perform as promised on the label if the product is applied within one (1) year after the date of purchase. If the product is not effective, send us proof of purchase and a letter of explanation to address below. IntAgra will refund your purchase price if the product was not effective. Refund is our sole obligation under this guarantee. This guarantee shall not apply to any product which is not stored or is not applied in the manner described on the package.

INTAGRA SHALL NOT BE LIABLE FOR ANY DIRECT, CONSEQUENTIAL OR INCIDENTAL LOSS OR DAMAGE.

Some states do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This guarantee gives you specific rights, and you may also have other rights which vary from state to state.

If any other warranties are implied by law, such warranties shall be limited in the one (1) year period of the above guarantee.
