(under FIFRA, as amended)

Term of Issuance: Unconditional

Name of Pesticide Product:
DEER-AWAY Deer and Rabbit
Repellent Ready-to-Use

Name and Address of Registrant (include ZIP Code):
Intagra, Inc.
8500 Pillsbury Avenue, South
Minneapolis, MN 55420

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency.

The Food Quality Protection Act (FQPA) was signed into law on August 3, 1996. Although full implementation of FQPA has not been achieved, the Agency has no reason to believe that the registration of this product will, in any way, violate the terms of the Act.

This product is unconditionally registered in accordance with FIFRA Sec. 3(c)(5) provided you:

- 1. Submit and /or cite all data required for registration/reregistration of your product under FIFRA Sec.3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA Sec.4.
2. Submit five copies of the final printed labeling before you release the product for shipment.
3. Make the labeling changes listed below before you release the product for shipment:
-- Add the phrase "EPA Registration No. 4866-12.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

This product may be used to repel black-tailed deer (mule deer), white-tailed deer, Roosevelt elk that browse or uproot conifer seedlings. This product may also be used to repel white-tailed deer from yew, Scotch pine, arborvitae, Douglas fir, flowering crabapple, hemlock, honeysuckle, azalea, rhododendron, fruit and citrus trees, and ornamental shrubs. Do not use this product on edible crops: See specific directions for application to fruit and citrus trees. Store at room temperature: Freezing makes DEER AWAY Deer and Rabbit Repellent Ready-to-Use Spray unusable. Protect from heat and freezing.

APPLICATION DIRECTIONS: Before applying, read and understand all labels and instructions. SHAKE WELL BEFORE USING! Spray DEER AWAY Deer and Rabbit Repellent Ready-to-Use Spray on all areas of plants likely to be browsed. Do not apply excessively to seedlings.

Timing of treatment: To protect against winter browsing, apply repellent upon onset of browsing. If browsing extends beyond two months, seedlings may be re-treated. To protect against spring browsing of new growth, apply upon onset of browsing, but preferably after bud break and before new shoots exceed 1" length. Do not re-treat new growth. If spring browsing reaches unacceptable proportions before bud break, repellent may be applied to unopened buds, but must then be re-applied after new growth averages 4" in length if browsing still persists.

Weather Conditions: Apply only to dry plants, and only under conditions favoring prompt drying of spray (lightly breezy), mild dry weather with low relative humidity.

Yew, Scotch Pine Arborvitae, Douglas Fir, Flowering Crabapple, Hemlock, Honeysuckle, Azalea, and Rhododendron: Apply to terminal to point of run-off for large trees, apply Deer Away only to lateral branches that are within animals reach. Repeat as necessary.

Ornamental Shrubs: Deer Away is not recommended for use during bud break or flower bloom, as foliage injury and petal drop may occur.

Fruit and Citrus trees: For use on bearing and non-bearing trees. Use only when trees are dormant, not when actively growing.

Note: Browning and drop of old needles may occur on some evergreen species after using this product.

ENVIRONMENTAL HAZARDS

Keep out of lakes, streams or ponds. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by equipment cleaning or waste disposal.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store only in a cool, dry area inaccessible to children and pets. Protect from freezing and heat. Keep container tightly closed to prevent evaporation. If spillage occurs, dilute with water and flush away.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Spray bottles should be triple rinsed (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerator, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals.

CAUTION: Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

- Limited Guarantee: Intagra will refund purchase price if product was not effective. Refund is our sole obligation under this guarantee.
