Fred Binter Indco, Inc. P.O. Box 109 Gloucester City, NJ. 08030

RE: Label Amendment Dated Feb. 6, 2007

Product Name: Indco PF-13 Sanitizer EPA Registration Number: 4875-18

Dear Mr. Binter:

The Agency has reviewed your submission submitted in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be conditionally accepted.

In summary, your request to update the First Aid directions in accordance with Pesticide Registration Notice 2001-1 must list the protocol in the following order: Eyes, Skin, Swallowed, and Inhaled. You must delete the duplicate Keep Out Of Reach of Children and Danger advisories. You must also line up the Inert Ingredients with the Active Ingredient heading.

We are unable to locate a copy of your certification with respect to child resistant packaging (CRP) in our files for your 5 pound package. You must provide a copy of your certification in accordance with the requirements of 40 CFR§157.22 within 60 days. If you are preparing this certification for the first time, your certification must comply with the standards and provisions of 40 CFR§157.32 including the revised effectiveness standards in 16 CFR§1700.15(b),

and the revised testing procedures in 16 CFR§1700.20 as published in 60 FR 37710 (July 21, 1995). In addition, your certification must include a statement describing the type of packaging used and its designation using the American Society for Testing and Materials (ASTM) Standard D3475-95 "Standard Classification of Child-Resistant Packages". A copy of your stamped label is enclosed.

If you have questions concerning this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

Sincerely,

Emily H. Mitchell Product Manager 32

Antimicrobials Division (7510-P)

Enclosure

Indco PF-13 Sanitizer is recommended for use on hard (non-porous) surfaces or on dishes, glasses, or food processing equipment or utensils, including dairy and brewery equipment and utensils.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Purchaser must be able to use Chlorine Test Kit to make sure available chlorine level does not fall below 50 ppm or above 100 ppm. Prepare a sanitizing solution by dissolving 1 oz. of Indco PF-13 Sanitizer per 10 gallons of water. This gives a solution containing 100 ppm available chlorine. Clean and rinse item or surface prior to sanitizing. Then place dishes, glasses, equipment or utensils in the solution or spread it over the surface to be sanitized. Let stand 2-5 minutes. The same solution should be used in the feed tank in immersion or spray type machines providing 2-5 minutes contact time for sanitizing dishes, glasses, food processing, equipment and utensils. Clean and rinse items prior to sanitizing. The items are then ready for use. The sanitizing solution should be used promptly after mixing.

CHEMICAL HAZARDS

Danger: Strong oxidizing agent. Use only clean, dry utensils. Contamination with moisture. organic matter or other chemicals (including pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire explosion. Avoid any contact with flaming or burning material, such as a lighted cigarette. Indco PF-13 decomposes at 460 °- 500 ° F with liberation of heat and harmful gases. Do not use Indco PF-13 in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause fire or explosion.

Active Ingredient:	
Sodium Dichloro-s-triazinetrione	
Dihydrate	25%
-Inert Ingredients	<u>75%</u>
Provides 13.8 % available chlorine.	

KEEP OUT OF REACH OF CHILDREN DANGER

FIRST AID	
If in Eyes:	Hold eye open and rinse slowly and gently with water for 15-20 minures.
\	Remove contact lenses, if present, after first 5 minutes, then continue rinsing.
