DIRECTIONS FOR USE

CATTLE BACK RUBBERS: For hornflies, aid in the control of lice if used continuously, mix 1 gallon of back rubber concentrate with 5 gallons of diesel or mineral oil. Saturate back rubber. Re-apply as necessary. Do not make accessible to lactating dairy animals, or to dairy animals within 21 days of start of lactation. Do not treat animals within eight weeks of slaughter. Do not spray on animals.

WARNING: Poisonous if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. In case of contact, wash immediately with soap and water. Wash all contaminated clothing with soap and hot water before reuse. Avoid contamination of feed and food stuffs, and water supplies. This product is toxic to fish. Do not contaminate any body of water.

Note to physician: Ronnel is a cholinesterase inhibitor. Atropine is an antidote. Treat symptomatically.

LIVESTOCK REMEDY * NOT FOR HUMAN USE.
