### DIRECTIONS FOR USE

**DILUTION:** Use 1 pound of Pyrethrum Powder Dust Concentrate to 4 pounds talc or Pyrax ABB.

For use in homes, warehouses, hospitals, and offices. Do not apply where children are likely to come into contact with treated surfaces.

When using in residential area, cover or remove exposed food. Avoid contamination of cooking utensils and food processing surfaces.

A dust application should be applied with a shaker can for animal application, bellows or bulbous duster for areas behind cabinets, refrigerators and sinks, doors, and bookcases. For larger areas where cockroaches and ants predominate, a pump duster should be used. All applications should be in sufficient quantity to produce a fine light coating and may be repeated as necessary to achieve control.

**Fleas and Lice on Cats and Dogs** - Dust the powder onto the animal's hair and work it down to the skin. After treatment brush or comb the animal's coat to remove dead fleas and lice.

**Cockroaches** - Dust thoroughly all areas where roaches crawl and hide, particularly areas around water pipes, in cracks under and behind cabinets, refrigerators and sinks, and around doors, window frames and bookcases.

**Ants** - Apply dust to ant entrance locations, around door frames and window frames and sash. Do not apply dust to window sills. Dust ant trails and hills.

**NOTICE:** Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
