Dear Ms. Bennett:

Subject: Amendment - Revised draft labeling
Stephenson Chemicals D.P.S. Roach Powder
EPA Registration No. 4887-167
Your submission dated October 22, 1984

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, is acceptable provided that you submit five (5) copies of your final printed labeling bearing the following revisions before you release the product for shipment under the amended labeling:

1. Add the common name Diazinon before its formula name in the ingredients statement. Note that the formula name should then appear enclosed in brackets.
2. The preceeding zero should appear in the percentage declaration for Pyrethrins, i.e. 0.25%.
3. Revise the third declaration to read: Piperonyl Butoxide, Technical.
4. INERT INGREDIENTS should be in the same alignment as ACTIVE INGREDIENTS.
5. The preferred location for the paragraph beginning "Do not use in edible product areas,etc." is the beginning of the Directions for Use, "Immediately beneath "It is a violation"

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (78-767)

NET WEIGHT _____

D. P. S. ROACH POWDER

ACTIVE INGREDIENTS:

**O,O-diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate.....	1.00%
Pyrethrins.....	.25%
*Technical Piperonyl Butoxide.....	2.50%
Amorphous Silica Gel.....	10.00%

HAZARD TO HUMAN

ACTION

Harmful if inhaled or swallowed. Do not breathe dust. Avoid skin contact. Do not contaminate feed and foodstuffs. Keep out of reach of children and domestic animals. Wash thoroughly after handling. Store in a dry place. Do not use in edible products areas, food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

PHYSICAL OF CHEMICAL HAZARDS

Do not use, pour or spill near heat or open flame.

This product contains:

1. Pyrethrum and Piperonyl Butoxide for quick kill and flushing action.
2. Diazinon for residual insecticide control.
3. Amorphous Silica Gel for dehydrating action in long-term insect control.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ROACH CONTROL

Dust on surfaces behind sinks, refrigerators, stoves and cabinets that are not accessible to animals, pets, and children. Also apply to cracks and crevices where insect infestation may be found. Any powder visible after application is complete should be carefully brushed into cracks and crevices or else removed. No generalized dusting should be done in household areas accessible to children and pets. Repeat as needed to maintain adequate control.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry, ventilated area away from humans, pets, foodstuffs, and feed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Plastic - Triple rinse. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Paper and plastic bags - Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
