

EFFINGHAM, NEW JERSEY

DIRECTIONS FOR USE

Pour specified amount of this product into neatly filled spray tank. Add balance of water to fill tank. Keep agitator running during filling and spraying operations. If mixture does not mix readily, but tends to separate as an emulsion, do not use. Separation of plants may result. Do not mix with wettable powders. Use only with water. Do not use with other pesticides unless they are specifically labeled as compatible. A small amount of water may be added to the spray mixture to facilitate spraying.
