**KILLS BERMUDA GRASS, JOHNSON GRASS, QUACKGRASS, AND OTHER DEEP ROOTED PERENNIALS. ALSO KILLS ANNUALS SUCH AS BROME, FOXTAIL, WILD OATS, BURR CLOVER, MAL-LOW AND MORNING GLORY.**

**NOTICE: READ ENTIRE LABEL BEFORE USING THIS PRODUCT.** Use of this material in a manner, or at any time other than in accordance with the directions may produce plant injury or other undesirable results. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

**TRIM-IT** is recommended for the control of a wide variety of unwanted vegetation around buildings, along sidewalks and driveways, and under trees and ornamentals. It is also recommended for complete lawn renovation. **TRIM-IT** is inactivated on contact with soil.

Use a tank type sprayer, sprinkling can or other convenient container. Place 3 quarts of water in a 1 gallon container and add 1 quart of **TRIM-IT**. Stir gently until well mixed. After use, clean equipment thoroughly by flushing with water and dump washings on bare ground.

**DIRECTIONS FOR USE:** One gallon of solution will treat 250 square feet. If a pressure-type sprayer is used, select nozzle or nozzle setting that gives a coarse spray to prevent drift which could damage nearby desirable plants. Apply to unwanted vegetation thoroughly just short of run-off. Wilting will appear in 1 to 3 days and thorough browning in about 5 to 7 days. Repeat applications may be necessary, particularly for hard-to-kill perennials. The best kill is obtained on young plants and during hot, sunny weather.

**LAWN RENOVATION:** Mow lawn to be renovated about 1 inch high before treatment. Bermuda grass and other deep-rooted perennials or uncovered foliage may require a second treatment. Reapply 5 days later if green areas remain. When foliage is all brown, matted areas should be raked and bare spots scarified. About 5 days after last treatment, water thoroughly and then seed at rate recommended for new lawns. Seed must be raked into soil. Keep seeded areas well watered.
