1% Rotenone Bug Buster

DIRECTIONS

Good-Life Bug Buster is effective against fleas and lice on dogs and cats. Apply dust liberally and rub down through hair to skin.

Beans: Mexican bean beetle; Apply thorough coverage to foliage, being sure that under side of leaves are well dusted.

Asparagus: Thoroughly dust foliage after cutting, to control asparagus beetle and Japanese beetle.

Beets and Carrots: To control flea beetle, web-worms, dust thoroughly while insects are young.

Cabbage, Turnips, Radishes, Cauliflower, Lettuce, Broccoli, Brussels Sprouts: To control harlequin cabbage bugs, cabbage worms, flea beetle, thrip, diamond backed moths, apply dust as soon as insects appear.

Tomatoes, Potatoes: To control flea beetle, sweet potato beetle, Colorado potato beetle, aphis, young stages of tomato horn worm. Apply dust liberally to both top and under side of foliage as soon as insects appear. Best control may be expected when insects are in young stage.

Cantaloupes, Squash, Cucumbers, Watermelons: For control of flea beetle, squash vine borer, melon worms. Apply dust as soon as plants show above ground. Repeat every 10 days and after rain storms.

CAUTION:

Avoid inhalation of dust.

Do not use within 1 day of harvest.

Do not reuse container - destroy when empty.

IMPORTANT

Best and most economical results will be obtained if a pump dust gun is used which gives a uniform coverage and enables you to easily dust the underside of foliage.

Apply early morning or late evening when air is still. Always apply when insects are young and before they have damaged the plants. Repeat application weekly, also after rain washes off previous application.

Notice; Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

ACTIVE INGREDIENTS:

Rotenone	1.00%
Other cube resins	1.60%
INERT INGREDIENTS	97.40%

TOTAL 100.00%

U.S.D.A. REG. NO. 4931-122
